COMPETITION RULES

FOR SERVICE RIFLE

AND SERVICE PISTOL

18th Edition—2014-2015

These Rules govern all CMP sponsored and sanctioned Matches with Service Rifle and Service Pistol events, including National Trophy Rifle and Pistol Matches, Excellence-In-Competition (EIC) Matches, and other CMP-sanctioned competitions

© 2014, Civilian Marksmanship Program

Effective date 1 February 2014

This edition supersedes the 17th 2013 Edition and will remain in effect through the 2015 competition year.

About the CMP and CPRPFS

A 1996 Act of Congress established the Corporation for the Promotion of Rifle Practice (CPRPRS) to conduct the Civilian Marksmanship Program that was formerly administered by the U. S. Army Office of the Director of Civilian Marksmanship (ODCM). The CPRPFS is a federally chartered, tax-exempt, not-for-profit 501 (c) (3) corporation that derives its mission from public law (Title 36 USC, §40701-40733).

The CMP promotes firearms safety training and rifle practice for qualified U.S. citizens with a special emphasis on youth. The CMP delivers its programs through a network of affiliated shooting clubs and associations, through CMP-trained and certified Master Instructors and through cooperative agreements with national shooting sports and youth-serving organizations.

Federal legislation enacted in 1903 by the U.S. Congress and President Theodore Roosevelt created the National Board for the Promotion of Rifle Practice to foster improved marksmanship among military personnel and civilians. The original CMP purpose was to provide U. S. citizens with opportunities for rifle marksmanship practice and competition so they would be skilled marksmen if later called to serve in the Armed Services. This government supported marksmanship program came to be known as the “civilian marksmanship program.” During the last half of the 20th century, CMP priorities shifted to primarily focus on youth development through marksmanship.

The National Matches, Excellence-In-Competition Matches and other competition programs have been important components of the CMP legacy since the early 1900s. The CMP promotes these competitions as vital ways to test and celebrate the marksmanship skills of U. S. citizens. They also are a vital means of fostering the development of shooting sports leaders who can instruct youth in target shooting and promote the growth of marksmanship activities among U. S. citizens.

Introduction to ***CMP Competition Rules***

This 2014 18th Edition of the ***CMP Competition Rules*** governs CMP National Trophy Rifle and Pistol Matches, Excellence-In-Competition (EIC) matches and other CMP-sanctioned competitions in Service Rifle and Service Pistol shooting. These rules remain in effect from the date they are issued until they are replaced by the next edition of the rules. Since the CMP Rules for Service Rifle and Pistol have remained stable and essentially unchanged during the last few years, the CMP decided to approve this 18th Edition of the Rules for a two-year period. These rules will remain in effect for the next two years. However, if a rules emergency arises, the CMP Rules Committee has the authority to issue a rules update that addresses such specific issues.

Authority. The CMP governs and sanctions competition events in accordance with Title 36, UCS, § 40701-40733. The authority “*to conduct competitions in the use of firearms and to award trophies, prizes, badges, and other insignia to competitors*” is one of the statutory “*functions*” of the Corporation for the Promotion of Rifle Practice and Firearm Safety. Specific authority to conduct the National Matches is given in §40725.

History of CMP Rules. The first editions of the ***CMP Competition Rules*** were revisions of Army Regulation 920-30 that governed the National Trophy Matches through 1996. This is the 18th edition of the ***CMP Competition Rules***. Substantive rule changes from the 17th Edition and any new rules are underlined so that they can be readily identified.

CMP as National Governing Body. The CMP is the U.S. national governing body for Service Rifle, Service Pistol, As-Issued Military Rifle (Garand, Springfield, Vintage Military Rifle, M1 Carbine, Vintage Sniper Rifle Team Match), As-Issued Pistol (M9, M1911, M&P Service Pistol) and Rimfire Sporter Rifle competitions. It fulfills this responsibility by establishing rules, sanctioning competitions and promoting participation for these shooting disciplines.

Applicability. ***CMP Competition Rules*** govern the National Trophy Rifle and Pistol Matches, CMP-sanctioned EIC matches and CMP-sanctioned Service Rifle and Pistol Matches as well as other competitions established or sanctioned by the CMP. **No match program, match director or other match official has the authority to contravene these rules except as explicitly authorized in these rules.**

Rule Interpretations. To obtain a clarification or interpretation of any CMP rule, contact CMP Competitions, 419-635-2141, ext. 1101/1114 or

competitions@thecmp.org, to request a CMP ruling or interpretation. **The CMP staff has the authority to interpret unclear rules, but may not modify rules. The Programs Committee of the CPRPFS Board of Directors and its Rules Sub-Committee have the sole authority to modify *CMP Competition Rules*.**

Definition of “Legal.” The word “legal” when used in this document means compliant with these ***CMP Competition Rules***.

Web Site for CMP Competitions. The CMP web site at <http://www.TheCMP.org> has information pages for all CMP competition programs as well as links to the latest rulebooks, match programs and program announcements for CMP competitions. From the CMP home page, click on “Competitions” and then select the item(s) you want.

CMP Competition Tracker Web Page. The CMP pioneered in using the Internet to administer competitions and post live match results for competitors and the public. The CMP Competition Tracker system was first used during the 2003 National Matches. Any shooter, match official or interested person, can view upcoming match announcements and some match results in Competition Tracker. On the CMP home page, click on “Competition Tracker” or visit <http://ct.thecmp.org>. Then select the type of competition or other activity that interests you. You can then click on “Upcoming Matches” for that type of competition. This site also displays a comprehensive list of “Current Distinguished Shooters” and other information of interest to competitive shooters. Competitors can use Competition Tracker to enter CMP National Matches events on-line.

Where to Obtain Rules. ***CMP Competition Rules*** are posted on the CMP web site at <http://www.TheCMP.org/Competitions/Rulebook.pdf> and may be downloaded from there without cost. Printed copies of the rules are available at a cost of \$3.00 each. Contact:

1.0 CMP Competitions and Competition Events

1.1 CMP Competition Program

*The Civilian Marksmanship Program (CMP) offers a comprehensive program of rifle and pistol competitions that are governed by **CMP Competition Rules**. CMP shooting sports disciplines are Service Rifle, Service Pistol, As-Issued Military Rifle, As-Issued Military and Police Pistol and Rimfire Sporter Rifle. The CMP competition program offers competitions at four levels: Club competitions or championships, State Championships, Regional CMP Games competitions and the National Matches.*

1.2 CMP Sponsored Competitions

These are competitions that are planned, organized and actually conducted by the CMP Program Staff in accordance with policies and budgets approved by the CMP Board of Directors. CMP sponsored competitions are:

1.2.1 The National Matches

The National Matches are conducted annually at Camp Perry, Ohio in accordance with Title 36, U. S. Code, § 40725-40727. See Rule 2.0 for regulations governing the National Matches. National Matches events include the Service Rifle and Service Pistol National Trophy Matches and National CMP Games events.

1.2.2 Regional CMP Games

Regional CMP Games offer major competitions in CMP Service Rifle and Pistol and CMP Games events in different regions of the U. S. The CMP staff organizes and conducts these competitions by developing cooperative agreements with ranges or clubs that are selected to host them. The selection of Regional CMP Games hosts is decided by the CMP Board of Directors after considering a potential host's location, range facilities and ability to host competitions with large numbers of competitors. The Regional CMP Games programs may include Service Rifle, Service Pistol and CMP Games rifle or pistol events.

1.3 CMP Sanctioned Competitions

The CMP sanctions affiliated organizations to sponsor Excellence-In-Competition, State Championship and Club rifle and pistol matches with competitions in CMP-recognized rifle and pistol events. CMP sanctioned and supervised competitions are:

1.3.1 Excellence-In-Competition Matches

Excellence-In-Competition (EIC) Matches are competitions where civilian and military Service Rifle and Service Pistol competitors can earn EIC credit points that count towards the awarding of Distinguished Rifleman and Distinguished Pistol Shot Badges. EIC matches include:

- National Trophy Individual Pistol and Rifle Matches in the National Matches;
- Military EIC matches conducted by the Armed Services in accordance with military regulations;
- EIC matches in the Regional CMP Games;
- Sanctioned EIC matches conducted by CMP-affiliated organizations; and
- Special EIC Matches conducted in conjunction with the annual Rifle and Pistol Small Arms Firing Schools, USMC Junior Highpower Clinic in the National Matches or Regional CMP Games.

1.3.2 State Championships

The CMP sanctions CMP-affiliated State Associations or designated clubs to organize state championships for CMP-recognized events.

- The CMP will sanction one State Service Rifle Championship and one State Service Pistol Championship per year in each state;
- State Championships must include one or more CMP-recognized events in their program;
- CMP-affiliated State Associations may conduct state championships or they may designate a CMP-affiliated club to conduct the championships; and
- State Associations or clubs designated by a State Association must submit a state championship sanctioning application not later than 1 January of the year of the championship. If a State Association does not confirm its intent to organize a state championship by submitting an application prior to that date, the CMP will allow other CMP-affiliated clubs in the state to apply directly to the CMP to host any state championship, provided that only one state championship in that discipline may be sanctioned for that state in any one year.

1.3.3 Club Matches

CMP-affiliated clubs may conduct CMP-sanctioned matches that offer competitions in one or more CMP-recognized events. Any CMP-recognized event may be included on the program of a sanctioned Club Match. Any size range may be used for sanctioned Club Matches.

1.4 CMP-Recognized Rifle and Pistol Events

All competitions conducted or sanctioned by the CMP must offer competition in CMP recognized rifle or pistol events. Table 1 identifies the CMP Recognized Service Rifle and Service Pistol Events.

1.5 Procedures for CMP Match Sanctioning

All CMP competitions that are conducted by CMP-affiliated organizations and sanctioned by the CMP must comply with the following standards:

1.5.1 CMP Sanctioned Match Authorization

CMP-affiliated state associations, clubs or organizations that want to conduct CMP-sanctioned matches in the United States, U. S. territories or at U. S. military installations in other countries must apply to the CMP for authorization. Applications to sanction CMP EIC, State Championship and Club matches may be downloaded from the CMP Competitions webpage at <http://www.TheCMP.org/Competitions.htm>. The CMP must approve all CMP-sanctioned matches prior to their being conducted.

1.5.2 Entry Fees

A sanctioning fee of \$20.00 must accompany each application to conduct a CMP sanctioned match (except EIC Matches, Rule 3.3.4). There are no individual or other fees for CMP sanctioned matches. On request, the CMP will provide scorecards for use in conducting the match. The local sponsor may charge individual entry fees sufficient to cover expenses necessary to conduct the match.

1.5.3 Sanctioned Match Requirements

All CMP-sanctioned competitions must comply with these requirements:

- Use the appropriate current edition of the **CMP Competition Rules** to govern the competition.
- Ensure that all competitors and participants comply with applicable CMP eligibility requirements (Rule 4.0).

- Each CMP sanctioned match shall include a course or courses of fire prescribed and conducted according to **CMP Competition Rules** (Rules 7.0 or 8.0).

1.5.4 Sanctioned Match Information and Promotion

Information regarding the location, dates and contact information for all CMP-sanctioned matches is posted on the CMP web site as soon as a match sanctioning application is approved.

1.5.5 CMP-Sanctioned Match Reporting

Sponsors of CMP-sanctioned matches must submit a CMP Sanctioned Match Report and individual scorecards for all competitors to the CMP within ten days following the match.

2.0 The National Matches

2.1 Statutory Authority

An Act of Congress established the National Matches in 1903. The U. S. Congress reestablished this authorization when the Corporation for the Promotion of Rifle Practice and Firearms Safety was created in 1996. The National Matches are conducted in accordance with Title 36, U. S. Code, § 40725-40727.

2.2 CMP National Trophy and CMP Games Matches

The Civilian Marksmanship Program (CMP) National Trophy and CMP Games Matches provide annual national competitions for individuals and teams. The CMP National Trophy and CMP Games Matches are open to all persons, civilian or military, regardless of skill level. The National Matches offer competitions for prestigious National Trophies and provide incentives to develop individual and team marksmanship skills, marksmanship instruction techniques and target shooting equipment.

2.3 NRA Partnership

Annual National Rifle Association (NRA) National Rifle and Pistol Championships are conducted in conjunction with the CMP National Trophy Matches. The CMP and NRA will conclude appropriate agreements to identify their respective responsibilities in conducting the events that comprise the National Matches.

2.4 Armed Services Support

The Ohio National Guard provides personnel, equipment and supplies to support the National Matches in accordance with Title 36, U. S. Code, § 40727. The Ohio National Guard licenses the CMP and NRA to use Camp Perry ranges, housing and administrative facilities. The U. S. Army Marksmanship Unit and the U. S. Marine Corps Weapons Training Battalion, in cooperation with the CMP, and with assistance from other military rifle and pistol teams, conduct schools and clinics that are part of the National Matches.

2.5 Place and Date

The National Matches are held annually at Camp Perry, Ohio, in July and August.

2.6 National Matches Competition Events

The National Matches include the CMP National Trophy Matches, National CMP Games matches and the NRA National Rifle and Pistol Championships. Detailed descriptions of the events are found in the respective National Matches Programs.

2.7 National Matches Schools

During the National Matches, both the CMP and NRA offer special training opportunities for shooters and coaches. Detailed descriptions of the schools and clinics offered are found in the respective National Matches Programs.

2.8 CMP National Matches Entry Fees

Entry fees for all CMP National Matches events shall be established by the CMP Programs Committee and published in the CMP National Matches Program.

2.9 Entries

All entries in CMP-sanctioned National Matches events must be submitted to the CMP. Entries may be made on-line through the CMP web site. Further information and instructions are found in the CMP National Matches Program.

2.10 National Trophy Matches Awards

2.10.1 CMP National Trophies

Permanent National Trophies are presented to match winners in accordance with these rules and the CMP National Matches Program. National Trophies are engraved with winner's names and remain in CMP custody.

2.10.2 CMP Trophy Winners

Winners of National Trophies are awarded trophy plaques with photos or facsimiles of the trophies. For team events, the team members, team coach and team captain each receive a trophy plaque.

2.10.3 Special Awards

The CMP or award donors may provide additional special match awards, prizes or medals.

2.10.4 Minimum Requirements for Awards

In an individual event or award category, a minimum of five entries is required to present individual awards. In a team event or award category a minimum of three teams is required to present team awards. Awards will be given if the required minimum number of competitors completes the match in accordance with Rule 5.9.2. The CMP may waive these minimums.

3.0 Excellence-In-Competition Matches

3.1 Purpose

Excellence-In-Competition (EIC) Matches are competitions where civilian and military service rifle and pistol competitors can earn EIC credit points that count towards the awarding of Distinguished Rifleman and Distinguished Pistol Shot Badges. The top Non-Distinguished competitors in EIC Matches earn EIC credit points in accordance with Rule 9.2. The number of EIC Matches in which a competitor may participate in any calendar year is limited in accordance with Rule 9.2.2.

3.2 Types of EIC Matches

There are two types of EIC Matches that are available to civilian and military competitors, Regular and Special:

3.2.1 Regular EIC Matches

In Regular EIC Matches, the top Non-Distinguished competitors are awarded 10, 8 or 6 points according to Rule 9.2. The Regular EIC Matches are:

- National Trophy Individual Matches conducted by the CMP during the National Matches;
- Regular EIC Matches conducted by the CMP during Regional CMP Games;
- CMP-Sanctioned EIC Matches conducted by CMP-affiliated clubs authorized to organize EIC Matches; and
- Military EIC Matches conducted by the U. S. Army, U. S. Air Force, U. S. Navy, U. S. Marine Corps and U. S. Coast Guard Military in accordance with regulations prescribed by the respective Armed Services.

3.2.2 Special EIC Matches

Special EIC Matches may only be conducted by the CMP or by the Armed Services in accordance with their respective regulations. The top 10 percent of competitors in Special EIC Matches who have earned no previous EIC points are awarded a one-time, "introductory" 4-point EIC credit. Competitors may earn only one four-point EIC credit in pistol and one four-point EIC credit in rifle. Rules governing Special EIC Matches that are conducted by the CMP are found in the ***CMP Competition Rules for CMP Games Rifle and Pistol Matches***. Special EIC Matches are:

- M9 and M16 Special EIC Matches conducted by the U. S. Army during the Pistol and Rifle Small Arms Firing Schools at the National Matches;
- Special EIC Matches conducted by the U. S. Marine Corps during the USMC Junior Highpower Clinic at the National Matches;
- Special EIC Matches conducted by the CMP during Regional CMP Games; and
- Special Service (Combat) EIC Matches conducted during Armed Services Championships.

3.3 Regulations for CMP-Sanctioned EIC Matches

3.3.1 CMP-Sanctioned EIC Matches

The CMP must approve and sanction all EIC matches not conducted by the CMP or military services prior to their being conducted. CMP-affiliated state associations, clubs and other organizations may apply to the CMP to conduct EIC matches in conjunction with regional, state championship or other competitions or as separate competitions. Only one EIC match may be scheduled to take place in conjunction with a state or regional championship or during one series of competition events. EIC matches may be conducted in the United States or U. S. territories or at U. S. military installations in other countries.

3.3.2 EIC Match Locations and Dates

EIC rifle and pistol matches must be scheduled and conducted as separate EIC matches or courses of fire and may not be combined with any other competition events. All competitors in rifle EIC matches must complete the same stages on the same day. Pistol EIC matches may have separate EIC relays on two or three days if the EIC match is conducted in conjunction with a single multi-day pistol competition. All relays of one EIC match must be fired on the same range. Except for schedule or course of fire changes made in accordance with Rule 5.1.5, any deviation from these requirements must be approved in advance by CMP Competitions and explained in the Match Program [Rule 5.1.4] so that all potential competitors may be notified prior to the competition. Information regarding the location and dates of approved EIC matches is published on the CMP web site at <http://ct.thecmp.org>.

3.3.3 EIC Match Program

Each CMP-sanctioned EIC match must consist of a National Match Course fired as prescribed in the ***CMP Competition Rules*** (Rule 7.3.1 or Rule 8.3.1). Any unauthorized deviation from this rule that is not approved by CMP Competitions in accordance with Rule 5.1.5 will be cause for disallowing the scores fired in that match.

3.3.4 Entry Fees

Each competitor in an EIC match, regardless of Non-Distinguished or Distinguished status, must pay a fee of \$10.00 to be remitted to the CMP after the match. These fees are used to pay the costs of the Distinguished Badge awards program. The match sponsor may charge an additional fee to cover expenses necessary to conduct the EIC match.

3.3.5 Entries in EIC Matches

Entries in all CMP-sanctioned EIC matches must be made through the EIC match sponsor and not the CMP.

3.3.6 EIC Match Reporting

EIC match sponsors must forward a match report, scorecards and CMP fees for all competitors who fire in EIC matches to the CMP within five (5) days following the completion of the competition. Reports, scorecards and fees not received within 30 days will invalidate the EIC match. The CMP, not the match sponsor, will determine EIC credit point winners and post scores for each EIC match on the CMP Competitor Tracker web site as soon as possible after scorecards are received from EIC match sponsors. The official final EIC match results are the results determined by the CMP after scorecards are returned to the CMP.

4.0 Eligibility Requirements and Categories

4.1 General Eligibility

All CMP-sponsored or CMP-sanctioned matches are open to any individual or team that complies with these eligibility requirements. U. S. citizenship is not required to participate. Individual membership in the CMP or a sponsoring organization is not required to participate. No person who has been convicted of a Federal or State felony or any violation of Section 922 of Title 18, U. S. Code, is eligible to participate in any activity sponsored or sanctioned by the CMP.

4.2 Eligibility Affidavit Required

Before an individual is permitted to participate in any CMP-sponsored or CMP-sanctioned competition, the sponsoring club or the CMP Competitions Department shall have on file a notarized affidavit from that individual certifying that he/she:

- Has not been convicted of any Federal or State felony or violation of Section 922 of Title 18 United States Code, and
- Is not a member of any organization that advocates the violent overthrow of the United States Government.

4.3 Waiver and Liability Agreement Required

Before an individual is permitted to participate as a competitor, coach, team official or competition official in any CMP sanctioned competition (the participant), the sponsoring club or the CMP Competitions Department must have on file a signed waiver and liability agreement stating that the participant:

- Is bound by the current edition of the **CMP Competition Rules**;
- Shall waive any claim against the CPRPFS, Inc. and any other organization sponsoring or supporting the match for any personal injury, loss or damage suffered in connection with the sanctioned competition;
- Shall indemnify and hold harmless the CMP and any organization sponsoring or supporting the sanctioned competition from any claim of a third party arising from any negligent or wrongful conduct; and
- Agrees that photographs of the participant taken during the event and the participant's name, hometown, team or club and competition results may be

published or reproduced by the CMP in any printed or electronic communications.

4.4 Age Limits

Any one who participates in a CMP-sponsored or sanctioned event must be capable of safely handling a rifle or pistol that is legal for the event and of safely completing the event course of fire. The following age limits are established to ensure that participants in CMP-sponsored or sanctioned competitions are capable of handling their firearms safely.

4.4.1 Pistol National Trophy and EIC Matches

CMP Pistol National Trophy and Excellence-In-Competition Matches are open to civilian and service competitors 16 years of age or older.

4.4.2 Pistol Small Arms Firing School

The Pistol SAFS is open to civilian and service members 14 years of age or older.

4.4.3 Rifle Small Arms Firing School

The Rifle SAFS is open to civilian and service members 12 years of age or older.

4.4.4 Other Sanctioned Matches

Other CMP-sanctioned matches (Rule 1.0) should use the age restrictions identified in this section. Sponsoring clubs may also have their own age restrictions.

4.4.5 Age Restriction Waivers

The CMP or sanctioned match sponsors may waive the age requirement upon the presentation of evidence that the applicant can provide satisfactory proof of having demonstrated the ability to safely complete the course of fire to be used in that event by completing an appropriate training course with actual range firing or having successfully competed in other similar shooting competitions.

4.5 Shooters with Medical Conditions or Disabilities

Shooters with medical or physical impairments, whether temporary or permanent, that do not prevent them from safely completing established courses of fire are eligible to compete in CMP sponsored or sanctioned competitions with special authorizations. Special written authorizations for shooters with such medical or physical conditions that are approved by the CMP or issued by the NRA in accordance with NRA Rules 13.1 and 13.2 will be accepted. Special authorizations are intended to make it possible for competitors with medical or physical impairments to compete with other competitors under relatively equal conditions that do not give them a special advantage over other competitors. Shooters with medical or physical disabilities should contact CMP Competitions for information about special authorizations. Shooters with approved special authorizations are authorized to have necessary aids such as wheel chairs with

them on the firing line. Shooters with approved special authorizations are expected, in accordance with Rule 5.4, to fulfill all competitor responsibilities including, when required, scoring and pulling targets. Shooters with special authorizations must provide substitute target pullers for rifle events if they are unable to pull targets. Shooters with special authorizations who cannot stand prior to the start of rifle rapid-fire stages may compete in all rifle matches and be eligible for match awards, but they must stand prior to the start of rapid fire stages to be eligible to earn EIC credit points (Rule 8.1.5).

4.6 Competitor Categories

Competitors may register and participate in one or more of the following categories in accordance with these rules. Competitor categories defined in this rule apply in all National Trophy Matches events.

4.6.1 Women

Any female competitor may compete in the women's category regardless of age or other category or sub-category status, except that Junior women must comply with Rule 4.4.

4.6.2 Civilian or Service

Competitors may register and participate in only one of the following categories:

- **Civilian.** This category consists of all competitors who are not in the Active Service, Reserve or National Guard categories. Retired Service (Active, Reserve or National Guard), Fleet Marine Corps Reserve and Police personnel are civilians. Members of the Reserve or National Guard categories are eligible to compete as Civilians if, during the current calendar year, they have not competed with that firearm in any Reserve or National Guard categories and have not received support from Service, Reserve or National Guard marksmanship programs; or
- **Service.** This category consists of all service personnel, Active Duty, National Guard or Reserve.

4.6.3 Civilian Sub-Categories

Civilian competitors who qualify under Rule 4.6.2 above may also register and participate in one or more of the following sub-categories if they meet the eligibility criteria for that sub-category:

- **Junior.** Civilians may compete as Juniors through December 31 of the calendar year in which their 20th birthday occurs. In 2014, Juniors must have been born in 1994 or later. Individuals who compete in any Service category may not compete as Juniors. A competitor who meets the junior age criteria and is a member of the Service, Reserve or National Guard, who has not competed in one of those categories during the current calendar year and has not received support from Service, Reserve or National Guard marksmanship programs may compete as a Junior.
- **Senior.** Civilians may compete as Seniors, beginning with the calendar year in which their 60th birthday occurs. In 2014, Seniors must have

been born in 1954 or earlier. Individuals who compete in the Service category may not compete as Seniors.

- **Law Enforcement.** Regular or retired law enforcement officers of a regularly constituted law enforcement agency of a municipal, county, state or federal government may compete in the Law Enforcement Sub-Category. Officers of a regularly organized Reserve or Auxiliary of a regularly constituted law enforcement agency may compete in the Law Enforcement sub-category, provided that while on duty they are required to perform the same law enforcement functions and/or duties as the agency to which they are in reserve and are authorized to be armed by the appointing authority. Full-time police firearms instructors in law enforcement or police academies are eligible to compete in the Law Enforcement sub-category. Military Police or other members of the Armed Services are not eligible to compete in the Law Enforcement sub-category.

4.6.4 Service Sub-Categories

Service competitors who qualify under Rule 4.6.2 above may also register and participate in one or more of the following sub-categories if they meet the eligibility criteria for that sub-category:

- **Active Service.** All service personnel on active duty and any National Guard and Reserve members on extended active duty for 90 days or more who have Active Service Status under Title 10 USC and who are assigned to an Active Service marksmanship program must compete as Active Service. Enrolled undergraduates in the service academies may compete in either the Service or Civilian category according to their active duty status within their service branch.
- **Reserve.** Members of any Reserve branch of the U.S. Armed Forces may compete as Reserve. Members of the Fleet Marine Corps Reserve and Reserve Officers' Training Corps (ROTC) must compete in the Civilian category. Members of the Army or Air Force National Guard shall compete as National Guard. Reserve members who also are qualified as Law Enforcement and/or Civilians as defined above may alternatively register and participate in those categories if, during the current calendar year, they have not competed with that firearm in any Reserve category and have not received support from Service, Reserve or National Guard marksmanship programs.
- **National Guard.** This category consists of members of the Army or Air Force National Guard. National Guard members who are also qualified as Law Enforcement and/or Civilian, as defined above, may alternatively register and participate in those categories if, during the current calendar year, they have not competed with that firearm in any National Guard category and have not received support from Service, Reserve or National Guard marksmanship programs.

- **Military Services.** Active Service, Reserve and National Guard competitors represent the Army, Navy, Marine Corps, Air Force or Coast Guard and shall be eligible for awards designated for Active Service, Reserve or National Guard members of those branches of the Armed Services.
- **Reserve Component.** Reserve and National Guard competitors may also compete in the Reserve Component sub-category and shall be eligible for awards designated for Reserve Component members.
- **Infantry.** Members of the U. S. Army Active Service, Reserve or National Guard who are assigned to an Infantry unit or who have an Infantry MOS may also compete in the Infantry sub-category and shall be eligible for awards designated for Infantry members.

4.7 Team Member Eligibility

4.7.1 Team Composition

Teams shall consist of a team captain, team coach and firing members as indicated below:

- National Trophy Pistol Team—four members, captain and coach;
- National Trophy Law Enforcement Pistol Team—two members, captain and coach;
- National Trophy Pistol Junior Team—two members, captain and coach;
- Hearst Doubles Team—two members only, no captain or coach;
- National Trophy Rifle Team—six members, captain and coach;
- National Trophy Infantry Team—six members, captain and coach;
- Service Rifle Four-Person Team—four members and coach; and
- Vintage Sniper Rifle Team—two members, no captain or coach.

4.7.2 Team Captains and Firing Members

- Team captains and all team firing members must be eligible in the team's category or sub-category, except that any eligible civilian may be the team captain of a junior team;
- The team captain and team coach may be the same person;
- The team captain and/or team coach may be firing members; and
- Team firing members may also act as coaches of junior teams when they are not firing.

4.7.3 Team Coaches

Team coaches may represent any category or sub-category.

4.7.4 Substitution of Firing Members

Team captains may substitute another shooter for a designated firing member at any time until the preparation period for the first stage of competition begins, provided that the person substituted is eligible to compete in that team's category and is entered in the competition.

4.7.5 Affiliation

Team captains and firing members must have been members of the organization and category or sub-category they represent for at least 30 days before the beginning of the match. This restriction does not apply to team coaches.

4.7.6 Residency

Team captains, team coaches and firing members of State Civilian (Rule 4.8.5), Law Enforcement (Rule 4.8.9), Club Civilian (Rule 4.8.6) or Junior teams must be residents of the state that the team represents or in which the club is located and they must have lived in that state for at least 30 days before the match. The following exceptions apply:

- This rule does not apply to team coaches of state or club junior teams; and
- Clubs with members from adjoining states who reside in the area where the club is located and who regularly participate in that club's activities may apply to CMP Competitions for an exception to this rule. This exception does not apply to state association teams.

4.8 Team Categories

Teams may enter the National Trophy Team Matches or other CMP-sanctioned team events in the categories listed below.

4.8.1 Active Service

Active Service Teams may represent each service, Army, Navy, Marine Corps, Air Force, and Coast Guard.

4.8.2 Reserve

Reserve Teams may represent the reserve branch of each service.

4.8.3 National Guard

Teams may represent the National Guard-at-large or state National Guard organizations. National Guard teams may be composed of both Army and Air National Guard personnel.

4.8.4 Reserve Component

Reserve and National Guard teams shall also compete as Reserve Component teams and be eligible for awards designated for Reserve Component teams.

4.8.5 State Civilian

State Civilian Teams must represent a CMP-affiliated state shooting association. Civilian State Association teams may include members who are eligible to compete as Junior, Senior or Police.

4.8.6 Club Civilian

Civilian Teams must represent a CMP-affiliated club. Civilian Club Teams may include members who are eligible to compete as Junior, Senior or Police.

4.8.7 Junior

Junior Teams must represent a CMP-affiliated state association or CMP-affiliated club. Firing members of Junior teams must be eligible to compete as Juniors under Rule 4.6.3, a.

4.8.8 At-Large Junior

Junior teams that do not meet the residency requirements in Rule 4.7.6 may compete as At-Large Junior Teams if the match program permits participation by At-Large Junior Teams.

4.8.9 Law Enforcement

Teams must represent organized federal, state, county or municipal law enforcement agencies. Law Enforcement team members must be eligible in accordance with Rule 4.6.3, c.

4.9 New Shooters, National Trophy Team Matches

Every team entered in a National Trophy Team Match, except a Junior Team or a Law Enforcement Team, is required to have one firing member who is a new shooter. Junior, Law Enforcement, State National Guard and Out-of-Competition Team members may be granted additional new shooter eligibility in accordance with Rules 4.9 and 4.10. The purpose of the team new shooter requirement is to encourage participating organizations to continually recruit and develop new shooters.

4.9.1 New Shooter Definition

A new shooter is a team firing member who has not previously fired in that particular National Trophy Team Match, The National Trophy Rifle Team Match and the National Trophy Infantry Team Match are separate events, so a competitor may be a new firing member in one and an old firing member in the other.

4.9.2 Active Service, Reserve, and National Guard Teams

The new shooter on an Active Service, Reserve or National Guard team may be a shooter who has fired no more than once as a junior on a Civilian Team. A National Guard shooter who has not competed as a new shooter while firing as a Junior on a Civilian Team (Rule 4.9.4), may compete once as a new shooter on a State National Guard Team and once as a new shooter on a team representing the National Guard-at-large.

4.9.3 Junior Members of Junior Teams

Juniors who fire as members of Junior Teams (Rules 4.8.7 and 4.8.8) shall not lose their eligibility to compete as new shooters on other teams.

4.9.4 Junior Members of Civilian Teams

Juniors who fire as members of State Civilian or Club Civilian Teams shall continue to be eligible to compete as new shooters one additional time, as Juniors or as adults, on either a State Civilian, Club Civilian, Law

Enforcement, Active Service, Reserve, National Guard or Reserve Component Team.

4.9.5 Members of Law Enforcement Teams

Law Enforcement officers who fire on Law Enforcement Pistol Teams (2-person teams) shall not lose their eligibility to compete on Law Enforcement teams, but they do lose their eligibility to compete as new shooters on Civilian or Club teams.

4.10 Out-of-Competition Teams (OOC)

Teams that do not comply with eligibility, residency or new shooter requirements, or eligible teams that elect to do so, may enter and participate in any team event as Out-of-Competition Teams. Their scores will be recorded in the competition results in an Out-of-Competition category. If range capacity is reached in any team event, priority in accepting entries shall be given to eligible teams.

4.10.1 Ineligible for Team Awards

Out-of-Competition Teams are not eligible to win any team awards.

4.10.2 Eligible for Individual Awards

Scores fired by individual members of Out-of-Competition teams are eligible for special National Trophy Match awards that recognize individual shooter's scores in the National Trophy Team Matches.

4.10.3 New Shooter Eligibility

Participation as a firing member of an Out-of-Competition Team does not affect new shooter eligibility under Rule 4.9.

4.11 Open Individual Category (OIC)

Individual competitors that do not comply with all eligibility, equipment or firing position rules (including Rule 8.1.5) for National Trophy, EIC and other CMP-sanctioned matches may compete in an Open Individual Category if the match program provides for such a category. Competitors in this category are not eligible to win National Trophy awards or earn EIC credit points, but match sponsors may provide awards for Open Individual Category competitors. When scores are reported to the CMP, all competitors who fire in this category must be clearly identified.

5.0 Competition Rules and Procedures

5.1 Applicable Rules

The following rules and official documents govern all matches conducted, sponsored or sanctioned by the CMP.

5.1.1 CMP Competition Rules

The current edition of the **CMP Competition Rules** must govern all National Trophy Rifle and Pistol Matches, CMP EIC Matches and CMP-sanctioned Service Pistol and Service Rifle Matches.

5.1.2 NRA Rules

For matches that use Service Rifle or Service Pistol courses of fire described in Rule 7.0 or Rule 8.0, applicable NRA Pistol or High Power Rifle Rules apply in all areas that are not covered by **CMP Competition Rules**.

5.1.3 Rule Interpretations

The CMP may issue rule interpretations for rules in the **CMP Competition Rules** that are unclear or in dispute. CMP rule interpretations may not change, set aside or alter the application of specific rules in the **CMP Competition Rules** or applicable **NRA Rules**.

5.1.4 Match Program

The National Match Program, Regional CMP Games Program or the match program issued by an EIC or other sanctioned match sponsor provides additional information regarding the specific conditions of that particular competition. The match program may not change, set aside or alter the application of specific rules in the **CMP Competition Rules** or applicable **NRA Rules**, except as permitted in Rule 5.1.5.

5.1.5 Match Director Bulletin

A Match Director Bulletin may be issued to provide additional information regarding competition conditions that were not known when the match program was published. Match Director Bulletins may not change, set aside or alter specific rules in the **CMP Competition Rules** or **NRA Rules**, except that a Match Director Bulletin may change a date of firing or a course of fire when necessary to complete a match. Details of any changes made and the rationale for such changes must immediately be reported in writing to the CMP. The CMP must approve these changes for the competition to be considered a valid EIC or other sanctioned match.

5.1.6 Precedence in Case of Conflict

In the event of a conflict, precedence shall first be given to the **CMP Competition Rules**, then to applicable **NRA Rules**, then to applicable DCM rule interpretations, then to the match program and then to a match director's bulletin. Conflicting **NRA Rules** or statements in a match program or match director's bulletin cannot take precedence over **CMP Competition Rules**.

5.2 Competition Officials

Competition Officials are responsible for safely conducting competition events and for ensuring that competitors have the best possible conditions for completing their events according to these rules. CMP-sanctioned competitions may have the following Competition Officials:

5.2.1 Match Director

The Match Director is the chief executive officer of the competition. The Match Sponsor appoints the Match Director. The Match Director has overall responsibility for managing and conducting the competition safely and in

accordance with applicable rules. The Match Director may make decisions regarding the application or interpretation of rules during the competition, however, if a protest is submitted (Rule 5.12.1), he/she must appoint a Jury to decide the protest.

5.2.2 Chief Range Officer and Range Officers

The Chief Range Officer is appointed by the Match Director and is responsible for the actual conduct of range firing during the competition in accordance with applicable rules, range safety procedures and ***Highpower Rifle Firing Procedures and Range Officer Commands*** (see Annex A). If there are more than ten firing points on a range, the Chief Range Officer must be assisted by at least one Range Officer for every ten firing points. Range Officers may make decisions regarding the application of rules during the competition, however, if a Range Officer ruling is doubtful or questioned, they must consult with the Chief Range Officer, Referee (if appointed) or Match Director before making a decision. Range Officers must be familiar with the rules and have received training regarding safe range firing procedures and their duties and functions.

5.2.3 Chief Pit Officer and Pit Officers

On ranges with pit-operated targets, a Chief Pit Officer is appointed by the Match Director and is responsible for operating the pits during the competition in accordance with applicable rules, range safety procedures and ***Highpower Rifle Firing Procedures and Range Officer Commands*** (see Annex A). When targets are scored in the pits, the Chief Pit Officer is responsible for making decisions regarding the number or scores of shots and for making final decisions on all score challenges. If there are more than ten firing points on a range, the Chief Pit Officer must be assisted by at least one Pit Officer for every ten firing points. Pit Officers must be familiar with the rules and have received training regarding safe range firing procedures, scoring procedures and their duties and functions.

5.2.4 Chief Statistical Officer and Scoring Officers

The Chief Statistical Officer is appointed by the Match Director and is responsible for processing competitor entries, squadding competitors, scoring targets (if targets are not scored in the pits) and for processing scores to produce preliminary and final results lists. When targets are scored in the Statistical Office, the Chief Statistical Officer is responsible for making decisions regarding the number or scores of shots, and for making final decisions on all score challenges. The Chief Statistical Officer must appoint and train sufficient Scoring Officers to ensure that all targets from one relay can be accurately scored before the targets from a subsequent relay arrive at the Statistical Office.

5.2.5 Juries

If a protest regarding competition conditions or a decision or action by a member of the match staff (Rule 5.12.1) is made, the Match Director may appoint a Jury of three qualified persons to decide the protest. Jury members should be experienced shooters, coaches or team officials who do not have a direct interest in the protest to be decided. The competition shall be completed based on the Jury decision. Jury decisions, however, may be appealed to the CMP and are subject to review (Rule 5.12.3).

5.2.6 Referees

In the National Matches or other competitions where a Referee is appointed, the Referee is responsible for the interpretation and application of CMP Rules and NRA Rules, if applicable. A Referee is not a competition operating official, but a Referee may give instructions regarding the interpretation and application of applicable rules to Range Officers or other competition operating officials. If a Referee is appointed, the Referee will serve in lieu of a Jury and will rule on all protests, subject to the competitor's right to appeal a Referee decision regarding a protest to the CMP Protest Committee (Rule 5.12.3).

5.3 Entries

5.3.1 Advance Notice

Advance notice for all upcoming CMP-sanctioned competitions must be provided to eligible and interested competitors. Such notice can be given with a sanctioned match posting on the CMP web site or by the distribution of the match program by mail or electronically.

5.3.2 Match Entries

Individual entries should be made in advance as prescribed in the match program. Late entries may be accepted if range space is available and the additional entries do not unduly interfere with match operations.

5.4 Competitor Responsibility

Every competitor who participates in a CMP competition must fulfill the following responsibilities. Failure to fulfill all of these responsibilities may result in disqualification in accordance with Rule 5.11.1.

5.4.1 Safety

Every competitor must be capable of safely completing the course of fire for that match and of following all safety rules. If, in the opinion of the range officers and match director, a participant is not able to handle the rifle or pistol safely, that person may be removed from the firing activity. Any decision to remove a competitor must be made by at least two officials such as a range officer and chief range officer or range officer and match director.

5.4.2 Knowledge of the Rules

Competitors are responsible for knowing and complying with the **CMP Competition Rules**, applicable **NRA Rules**, the official match program and any match director bulletins issued for the match.

5.4.3 Scorekeeping

Competitors are responsible for fulfilling scorekeeper duties as assigned. When fulfilling scoring duties, scorers serve as competition officials who are responsible for accurately recording competitors' scores. When competitors serve as scorers in rifle events, they are responsible for assisting range officers in controlling safety on the firing line.

5.4.4 Target Pulling and Scoring

When pit operated targets are used, competitors are responsible for pulling targets and accurately scoring the targets that they pull. Competitors with approved special medical authorizations who cannot pull targets must provide substitute target pullers (see Rule 4.5). When fulfilling target-pulling duties, competitors serve as competition officials who are responsible for accurately and quickly scoring and signaling the scores of shots fired by competitors. In pistol competitions or when pit operated targets are not used in rifle competitions, competitors may be assigned to act as scorers.

5.5 Coaching

Coaching on the firing line in accordance with these rules is permitted only during team matches.

5.6 Safety Procedures

5.6.1 Empty Chamber Indicators (ECI)

Empty Chamber Indicators (ECIs) must be placed in all rifles and pistols when they are brought onto a range. ECIs must remain in the rifles or pistols at all times, except during preparation and firing periods. A rifle or pistol being carried on a range must have an ECI inserted whether it is carried in an uncased condition or in a gun case or storage container.

5.6.2 Eye and Hearing Protection

All competitors and competition officials are strongly urged to wear appropriate eye and hearing protection when near shooting ranges during firing and when in the pits.

5.6.3 Boxed or Cased Pistols

Pistols must generally be kept in closed pistol boxes or gun cases. Pistol boxes or cases must remain closed at all times, except during preparation or firing periods.

5.6.4 Carrying Firearms

The "carrying" of firearms is defined as physically moving or transporting firearms to and from the assembly area or firing line of a range. Pistols must be carried in closed pistol boxes or gun cases. Rifles may be carried in

closed gun cases or in an uncased condition, but an ECI must remain inserted at all times while the rifle is on the range.

5.6.5 Handling Firearms

The “handling” of firearms is defined as anything a competitor does to operate the mechanism, shoulder, aim, put a sling on, load, practice loading, insert a clip or magazine or otherwise perform any action that would prepare the competitor to fire the firearm. Handling firearms behind the firing line is not permitted. Adjusting or blackening sights, adjusting slings without placing them on the arm or making minor adjustments to the firearm in the ready area or behind the firing line is not regarded as handling and is permitted as long as an ECI remains inserted. Competitors may load clips or removable magazines in the ready area.

5.6.6 Carrying Firearms to the Firing Line

After competitors are instructed to carry their rifles and equipment to the firing line, they are permitted to handle their rifles on the firing line as long as the muzzle remains pointed up or downrange and an ECI remains inserted. After arrival at the firing line and prior to the start of the preparation period, competitors may put a sling on and get into a firing position with the rifle. Competitors may not remove the ECI, close the action or dry fire until the Range Officer announces the start of the preparation period.

5.6.7 Safety During Loading

Loading is defined as placing a cartridge in a rifle or pistol chamber, inserting a cartridge in an internal magazine of a rifle or inserting a loaded magazine in a rifle or pistol. Firearms may be loaded only when a competitor is on a firing point and only after the range officer gives the command **LOAD**.

5.6.8 Safety During Firing

During firing and until firearms are unloaded, competitors must:

- Keep pistols at the raised or ready position or hold them on the bench with the pistol muzzle pointed downrange in the direction of the target.
- Keep rifles pointed either up or downrange with the rifle muzzle pointed in the direction of the target. Rifles may not be loaded when the butt is resting on a shooting stool.

5.6.9 Safety After Firing

As soon as a pistol firing series ends, competitors must open the pistol action, remove the magazine, insert an ECI and bench the pistol. As soon as a rifle firing series ends, competitors must open the rifle action, clear or remove the magazine (if removable), insert an ECI and ground their rifle. A Range Officer must inspect the benched pistols or grounded rifles to confirm that their actions are open, with chambers empty, magazines cleared or out and ECIs inserted. Competitors may move from their positions and remove their firearms and equipment from the firing line in accordance with instructions from the Range Officer.

5.7 Designation of Range Areas

Specific areas of each range are designated to fulfill special functions to ensure safety and ensure effective range operations.

5.7.1 Ready Line

Competitors and other personnel must remain behind the ready line until their assigned relay is called to the firing line. Only competitors on a relay that has been called to the firing line, competition officials, team officials (during team events only) and others on duty are allowed forward of the ready line, except by permission of a range officer. Firearms may be carried (Rule 5.6.4), but may not be handled (Rule 5.6.5) behind the ready line.

5.7.2 Firing Line and Firing Points

The firing line is the location where firing takes place. Firing points are specific numbered spaces on the firing line that correspond with numbered targets that are assigned to specific shooters or teams during a match. Competitors must take their positions to the right of where their firing point number is located on the firing line. When firearms are brought to the firing line, they must be boxed, benched or grounded. The handling of firearms on the firing line may begin when the Range Officer calls a relay of shooters to the firing line, but ECIs may not be removed until the Range Officer begins the preparation period.

5.7.3 Target Line

Targets are located along a line parallel to the firing lines. Each target must have a firing point number that is placed either directly above or below the target. Target numbers must be clearly visible to competitors with normal vision at the longest firing distance used on that range. Firing point numbers should begin with number 1 for the first target on the left. All other targets on the range should be consecutively numbered from left to right. Numbers should be alternately black on white and white on black.

5.7.4 Range Safety and Wind Flags

A Range Safety Flag visible from the firing line must be displayed at all times while firing is in progress on the range. The Range Safety Flag should be 18 feet in length and 5 feet wide tapering to 3 feet in width. Wind flags that are 12 feet in length and four feet wide tapering to 18" should be displayed at 200 and 400 or 500 yards on both sides of the range.

5.8 Firing Procedures

*Pistol firing procedures in CMP-sanctioned matches must be conducted according to applicable CMP and **NRA Rules** (NRA Rule 10.0). Rifle firing procedures in CMP-sanctioned matches must be conducted according to **CMP Highpower Rifle Firing Procedures and Range Commands** published as Annex A to these rules.*

*Note: Competition rules that are not covered in this rulebook, including specific procedures for handling malfunctions and refires, are governed by appropriate rules in Sections 9 and 10 of the **NRA Highpower Rifle Rules** (see Rule 5.1.2). However, if a CMP Rule addresses a situation or issue, the CMP Rule takes precedence over the NRA Rule.*

5.9 Firing and Completing a Match

5.9.1 Fire in a Match

Any competitor who fires one or more recorded shots in at least two stages of a match shall be counted as having fired in the match.

5.9.2 Completed Match

A competitor who fires recorded shots in all stages of a match has completed the match. A team has completed a match when all firing-members fire recorded shots in all stages of the match. A match is completed when all competitors have had an opportunity to complete all stages of the match. If a match course of fire must be reduced in accordance with Rule 5.1.5, all firers must complete at least two stages (20 shots) in a pistol National Match Course or three stages (30 shots) in a rifle National Match Course.

5.10 Scoring and Results

5.10.1 Scoring Individual Shots

All shots shall be scored according to the highest value scoring ring that is hit or touched by that shot. A shot hole where the outside edge of the shot hole touches or is tangent to the outside edge of the scoring ring must be scored the higher value. Pit Officers or Statistical Officers may use appropriate scoring gauges or templates to determine whether a doubtful shot does or does not touch a scoring ring or to determine whether two or more shots passed through one shot hole (double).

5.10.2 Signaling Shot Values (Pit Operated Targets)

When pit operated targets are used, score value discs must be placed in the locations shown on the chart that correspond to the scored value of slow-fire shots. For rapid-fire stages, score value discs must be placed in the top center to indicate insufficient hits and in the top right to indicate excessive hits.

5.10.3 Score Challenges

If a competitor feels that a shot fired by him/her was improperly scored, the competitor must notify the Range or Statistical Officer that he/she wishes to challenge that score. Match sponsors may charge a challenge fee of no more than \$3.00 for each score challenge. If targets are scored in the pits, the Pit Officer must decide the challenge. If targets are scored on frames, the Statistical Officer must decide the challenge. If targets are scored in the Statistical Office, the Chief Statistical Officer must decide the challenge. All score challenge decisions by these officers are final and are not subject to further protest or appeal.

5.10.4 Tie-Breaking

All ties will be broken in accordance with the following rules:

- 7.1.3 Service Pistol;
- 8.1.6 Service Rifle; or
- 8.6.4 Infantry Trophy Team.

5.10.5 Preliminary Results Bulletin

During and immediately after each competition event, scores must be entered in a ranked results list. As soon as all scores for an event are entered, a Preliminary Results Bulletin must be printed and posted on the range so that competitors in that event can check their scores. A protest time of a minimum of 30 minutes must be given for competitors to contact the Statistical Office about possible errors or, if scoring is done by the Statistical Office, to challenge the number or scores of shots. The end of the protest time must be posted on the Preliminary Results List.

5.10.6 Error Corrections

At any time prior to the closing of the posted challenge period, competitors or team coaches may request that an error in score posting or calculating scores be corrected. No fee may be charged for requesting such corrections.

5.10.7 Final Results Bulletin

Final results bulletins must list the scores of all competitors and teams in rank order according to scores with tie-breaking rules applied. Bulletins for team matches shall include the names and scores of all firing team members. A match sponsor may use an electronic results bulletin as the official final results bulletin if the electronic results bulletin is open to public access.

5.11 Rule Violations and Disciplinary Actions

5.11.1 Rule Violations

Competitors or team officials may be disciplined or disqualified from a match for any of the following acts of misconduct:

- Violating range safety regulations or safety rules prescribed in CMP or NRA rules;

- Failure to comply with **CMP Competition Rules**;
- Falsifying or being an accessory to falsifying scores;
- Refusing to obey the instructions of a match official or failure to make a correction after a warning is given (Rule 5.12.2);
- Disorderly or unsportsmanlike conduct; or
- Interfering with or disrupting a competitor on the firing line.

5.11.2 Enforcement

In the event of rule violations, match officials will take the following actions.

- **Warning.** Whenever possible, a warning and opportunity to correct a rule violation must be given before imposing any further penalties.
- **Disqualification.** A competitor may be disqualified without further warning in case of a refusal to respond to a warning. A competitor may be disqualified without warning in case of a serious violation. Any decision to disqualify a competitor must be made by at least two officials such as a range officer and chief range officer or range officer and match director. If a team member is disqualified, the team may be disqualified and the scores of other team members may be disqualified from consideration for other awards, depending upon the circumstances of the disqualification. Any competitor or team that is disqualified must be notified of that decision and be given an opportunity to protest the decision to disqualify them.

5.12 Protests and Protest Resolution

5.12.1 Protests

Any shooter or team that feels the conditions of the competition are not in accordance with these rules, or that is penalized, disciplined or disqualified, may protest that decision if they feel the decision was not made in accordance with applicable CMP or NRA Rules. Decisions by the Chief Pit Officer or the Chief Statistical Officer regarding the number and scores of shots may not be protested.

5.12.2 Decisions on Protests

A Jury (Rule 5.2.5) must decide protests at CMP-sanctioned matches. Written reports on all protests filed at CMP-sanctioned matches must be forwarded to the CMP. The National Matches Protest Jury decides all protests at the National Matches.

5.12.3 Appeal of Protest Decision

Either party involved in a protest decided by a jury or referee may appeal that decision to the CMP for review by a CMP Protest Committee. An appeal of any decision made by a jury or referee regarding a protest at an EIC or CMP-sanctioned match must be submitted to the CMP within 72 hours and will be decided by a CMP Protest Committee that shall be appointed by the CMP Chief Operating Officer. Decisions by a CMP Protest Committee are final. There is no further right of appeal.

5.12.4 Protests at National Matches

A CMP National Matches Protest Committee appointed by the CMP will decide protests of actions, decisions or disqualifications made during CMP National Matches. A CMP Protest Committee appointed by the CMP Chief Operating Officer will decide appeals of protests submitted from EIC or CMP-sanctioned matches. Decisions by the CMP National Matches Protest Committee are final. There is no further right of appeal.

5.13 Additional CMP Disciplinary Action

In the event of a serious violation, additional disciplinary action may be taken by the CMP Programs Committee to disqualify or suspend a competitor from the National Matches, EIC matches or other CMP-sanctioned matches for such time as it determines, and to deny any current award already won. When a competitor is charged with a serious violation, the CMP Chief Operating Officer shall investigate the charges and all available evidence and shall present a report on this investigation, together with recommendations, to the CMP Programs Committee. Any person who may be suspended must be notified as soon as possible that suspension is being considered. Subsequent to the submission of the Chief Operating Officer's report, the Programs Committee shall offer the competitor an opportunity for a hearing on the charges and evidence provided by the Chief Operating Officer's investigation. The accused competitor must be given an opportunity to present evidence or contravening arguments before a final decision is made. Subsequent to a hearing on these charges, the Programs Committee shall make a final decision regarding the charges and the suspension or other disciplinary action for the competitor if he/she is determined to be guilty of the charges against him/her. The decision of the Programs Committee regarding suspension or other disciplinary action shall be final.

6.0 Firearms, Ammunition and Equipment

Competitors in National Trophy Rifle and Pistol Matches, EIC matches or other CMP sanctioned matches must use rifles or pistols that comply with these rules.

6.1 General Service Rifle Rules

Service Rifles that comply with this rule must be used in National Trophy Rifle Matches and CMP-sanctioned Service Rifle Matches. The following general rules apply to all Service Rifles.

6.1.1 General Service Rifle Requirements

All service rifles must comply with these requirements:

- **Trigger Pull:** Must be at least 4.5 pounds.
- **Stocks:** Must be standard military-issue wood or synthetic material stocks or similar stocks of commercial manufacture.
- **Gas System:** Must be fully operational.
- **Front and Rear Sights:** Must be of U.S. Army design (either service or match). Front sights must have square-topped posts. Any modifications

to the front sight, rear sight or rear sight hood must be specifically authorized in Rule 6.1.2.

6.1.2 Service Rifle Modifications

No modifications or alterations to the service rifle are permitted except modifications or alterations that are specifically permitted by these rules. Modifications described in this rule do not apply to As-Issued Military Rifles defined in Rule 6.2. Specific features or modifications that are permitted or prohibited on Service Rifles are:

- No alteration or modification may change the external configuration of the rifle.
- Rear sight windage and elevation adjustments may be modified to allow finer adjustments.
- The dimensions of the rear sight aperture (internal diameter) and the front sight post (width) may vary from standard military dimensions. The rear sight hood diameter may not be longer than 0.70" or larger than 0.50" in diameter. The rear sight aperture may have a fixed, non-adjustable round, square or rectangular aperture insert. A corrective lens or multi-focal lens system may be inserted in the rear sight hood.
- Internal modifications may be made to improve functioning and accuracy. A special match barrel may be installed. Synthetic materials may be applied to the interior of the stock to improve the bedding. No modification may interfere with the original functioning of the rifle and its safety devices.
- Stocks may have any color. Metals may have any finish. Metal components may be either steel or aluminum alloy.
- The application of a manufacturer's mark, service identification or other similar branding is permitted and does not constitute a prohibited alteration to the exterior dimensions of the rifle.
- Permanent non-slip surface finishes may not be added to the rifle, but spray adhesives may be used on the rifle.

6.2 Specific Service Rifle Rules

Competitors may use any of the following rifles in the National Trophy Rifle Matches and CMP sanctioned EIC Matches.

6.2.1 U.S. Rifle, Caliber .30, M1

The rifle must be a rifle that was issued by the U.S. Armed Forces or a commercial rifle of the same type and caliber. M1 rifles used in Service Rifle matches (Rule 8.0) may be chambered for either the .30-06 or 7.62 mm NATO (.308 Win) cartridge.

6.2.2 U.S. Rifle, Caliber 7.62 mm NATO (.308 Win), M14

The rifle must be a rifle that was issued by the U.S. Armed Forces or a commercial rifle of the same type and caliber. M14 rifles must be chambered for the 7.62 mm NATO cartridge and comply with the following specific requirements.

- Stock dimensions must be no more than 2 inches wide at a point immediately to the rear of the front band, no more than 2.5 inches wide at the front and rear of the receiver, and have a continuous taper from receiver to front band. The width at the receiver may be carried through to the butt plate.
- To improve operation, the spindle valve may be locked in the open position and the gas cylinder plug may be altered by making an axial hole in the center that is approximately 1/64" in diameter.
- The hinged butt plate may only be used in the folded position.
- The M1 Garand butt plate may be used as a substitute for the standard M14 hinged butt plate.
- Magazine capacity may not exceed 20 rounds. All M14 or similar commercial rifles must be used with full-length 10 or 20 round capacity magazines. Magazines with a maximum capacity of 10 rounds may be used, provided the length of the magazine box is the same as the standard service 20-round magazine.
- Vented barrel extensions with the same external dimensions as the M14 flash suppressor, but without the bayonet lug, may be installed. A muzzle brake designed to reduce recoil is not permitted.
- The rifle must comply with external and stock dimensions given in the table below:

Table 2 -- M14 Service Rifle Dimensions

Ref.	Maximum allowable dimensions	
(1)	Depth immediately behind stock ferrule	3 ¼"
(2)	Depth at front end of trigger housing bedding pads	4"
(3)	Depth at front toe of pistol grip	6 ⅛"
(4)	Depth at toe of stock	8"

Table 2 -- M14 Service Rifle Dimensions

Ref.	Maximum allowable dimensions	
(5)	Distance from rear of magazine (inserted and locked) across top of magazine release to toe of pistol grip	Not less than 6 ¼"
(6)	Width at front end of trigger housing bedding pads	2 ½"
(7)	Total length from tip of suppressor to butt plate	45"
(8)	Stock width immediately behind stock ferrule	2"
(9)	Stock width at rear of stock	2 ½"
(10)	Stock width at front and rear of the receiver	2 ½"
(11)	Stock depth immediately behind front stock ferrule	1 ¾"
(12)	Stock depth where tips of trigger housing bedding pads rest	2"
(13)	Stock depth from toe of pistol grip to comb of stock	4 ½"
(14)	Stock depth at butt plate	5 ½"
(15)	Total length from stock ferrule	33 ½" with butt plate, min. 32 ½")

6.2.3 U.S. Rifle, Caliber 5.56 mm, M16

The rifle must be an M16A2 or M16A4 rifle issued by the U.S. Armed Forces or a commercial rifle of the same type and caliber. M16 rifles must be chambered for the 5.56 mm cartridge and comply with the following specific requirements:

- Modification to make automatic fire impossible without removing, replacing or altering parts is allowed.
- Metal or synthetic (polymer) magazines with standard service 20 or 30-round box magazine dimensions must be attached during the firing of all courses and in all positions. A 10-round magazine with the same external dimensions as a standard service 20-round box magazine may be used. A dummy magazine with a ramp for single shot loading may be used if this magazine has the same external dimensions as the standard service 20-round box magazine. Standard service 20-round magazines

are straight, without curves. Standard service 30-round magazines are curved.

- The front sight post may be fixed or lockable.
- To stabilize the rear sight assembly, it may be fitted with one or more pins extending down into the receiver or with stabilizing projections extending forward no more than 5/16" into the top groove of the carrying handle.
- The flash suppressor and bayonet lug may be removed or the rifle may be manufactured without a flash suppressor or bayonet lug. A vented barrel extension may be attached. Barrel length may not exceed 20 inches, as measured to the end of the rifling in the barrel.
- A screw may be inserted in the back radius of the pistol grip where it joins the lower receiver. This screw may extend into the rear lock-down lug of the upper receiver for the purpose of securing the upper and lower receivers. The screw head may not protrude above the original surface of the receiver. Both ends of the original takedown pin must remain in place so that the original outside configuration is not changed.
- Upper receivers may not be changed during the firing of any match.
- An external device may be attached to prevent selector lever movement to the auto position.
- The front sling swivel may be attached to the front ferrule of the hand guard or front tip of the "tube" (in the case of a floating barrel system) as long as it remains in the 6 o'clock position and is no more than ½ inch from the original sling swivel location.
- An M16A1 rifle (short) butt stock or pistol grip or its commercial equivalents may be installed in lieu of the M16A2 or M16A4 butt stock or pistol grip. A fixed-length aftermarket stock that reduces the length of pull to no less than 10 inches may also be installed on an M16A2 or M16A4 rifle or a commercial equivalent rifle. Any aftermarket stock must have the same external characteristics as the A2 or A1 stocks except for the shorter length. Collapsible stocks of the type used on M16 M4/M4A1 Carbines are not permitted. The same butt-stock must be used for all stages of a competition.
- If an M16 A4 or a commercial equivalent rifle with a removable carry handle is used, the rifle must be equipped with a carry handle and rear sight that has the same configuration as the carry handle on the M16 A2 (height, type of sight, etc.). No optical sights are permitted. The carry handle must be attached to the rifle in such a way that the sight radius remains the same as the M16A2 rifle. A higher front sight base (.060") or lower rear sight base/ carry handle (.060") may be used to allow proper zeroing of the rifle from 100 to 1,000 yards.
- The sling swivel can attach to the front ferrule of the hand guard or the front tip of the tube in accordance with this Rule (6.2.3, i.).

- A DVC-T-30 or commercial equivalent case deflector may be attached.
- The M16A4 quad rail or commercial equivalent hand-guard may be used. The quad rail must be 12" in length and have four rails at the 12, 3, 6 and 9 o'clock positions running the entire length of the hand-guard. The diameter of the rail must be at least 2" and not more than 2.5". The rail may be free floating. The front sling swivel must be attached to the front end of the hand-guard. The standard A-frame front sight must be fixed in the as-issued position on the barrel. Plastic covers may be used on the mounting rails on the hand-guard.
- California residents only may use rifles where a Bullet Button AR-15 Magazine Lock or similar device that is legal according to California laws has replaced the conventional magazine catch.
- Grip extensions of any type are prohibited.

6.3 General Pistol Rules

Service Pistols that comply with this rule must be used in National Trophy Pistol Matches and CMP-sanctioned Service Pistol Matches. The following rules apply to all Service Pistols.

6.3.1 General Pistol Requirements

All pistols must comply with the following specific requirements:

- Standard stock of wood or synthetic material or a similar stock of commercial manufacture that retains the "as-issued" profile and that does not interfere with the functional or maintenance features of the pistol. Metal grips and Pachmayr-style wrap-around grips are not permitted. The stock must be functionally identical for right or left-hand use.
- The trigger pull must be at least 4 pounds. If a trigger shoe is attached, the trigger weight must be suspended at the center-point of the trigger when the trigger is checked.
- Pistols may have only open sights with a non-adjustable front sight. The rear sight may be adjustable, but must have an open "U" or rectangular notch.
- No external alterations, additions or changes to the configurations or appearance of the pistol may be made unless those specific alterations, additions or changes are explicitly permitted by these rules.

6.3.2 Permitted Pistol Features

No modifications or alterations to the service pistol are permitted except modifications or alterations that are specifically permitted by these rules. Any pistol may have the following specific features or modifications:

- A higher front sight may be used to accommodate the height of the adjustable rear sight. A dovetailed front sight must be fixed and contoured to the slide.
- The fore strap and rear of the grip may be checkered or stippled.
- Trigger shoes and trigger stops, internal or external.

- External finish may be blued, Parkerized or bright. All other external alterations, additions or changes to the appearance or configuration of the assembled arm are prohibited, except as permitted in these rules.
- Holes, filled or unfilled, that are drilled in the slide to facilitate optical sight mounting are not considered external alterations and are permitted.
- Internal modifications to improve functioning and accuracy (e.g., a special match barrel may be fitted). However, the modifications may not interfere with the proper functioning or safety devices of the firearm.
- All safety features must remain in place and operate properly.
- The application of a manufacturer's mark, service identification or other similar branding is permitted and does not constitute a prohibited alteration to the exterior dimensions of the pistol.

6.4 Service Pistols

Competitors may use any of the following U. S. Service Pistols in the National Trophy Pistol Matches and CMP-sanctioned Service Pistol Matches:

6.4.1 U.S. Pistol, Caliber .45, M1911 or M1911A1

The pistol must be a pistol that was issued by the U.S. Armed Forces or a commercial pistol of the same type and caliber. The pistol must also comply with the following specific requirements:

- The stock must not cover the mainspring housing or prevent holstering in the standard service holster. The stock must not be more than 1.300" wide between right and left extremities.
- Barrel length may not exceed 5.100."
- The trigger may be extended, adjustable and vented.
- The mainspring housing may be straight or arched, checkered or stippled. The mainspring housing may not be covered with any material. No adjustment screw may be installed in the mainspring housing.
- The slide may have the curved "relief cut" (Gold Cup dimple) at the rear of the ejection port.
- The ejection port may be lowered to aid ejection.
- A flat surface may be milled immediately in front of and behind the dovetail to aid in securely mounting adjustable rear sights.
- A cut may be made at the extreme rear of the slide to allow for rear sight clearance and vertical movement. The original dovetail slot may be milled off and a new dovetail cut.
- The distance between sights, measured from the apex of the front sight to the rear face of the rear sight, must not be more than 7.25".
- All pistol hammers must have a functioning captive half-cock notch that prevents the hammer from falling when the trigger is pulled in the half-cock position or be a series 80-type pistol with a series 80 hammer and fully functional firing pin block or have a series 80-type hammer with a half-cock shelf that does not allow the hammer to fall more than .090".

6.4.2 U.S. Pistol, 9 mm, M9 or M9A1

The pistol must be a pistol that was issued by the U.S. Armed Forces or a commercial pistol of the same type and caliber. The pistol must also comply with the following specific requirements:

- The pistol may have either a standard M9/M9A1 slide (with accessory rail built into the receiver in front of the trigger guard) or the M92FS–type slide or a non-standard (i.e. Brigadier) slide.
- Barrel length of no less than 4.9” or no longer than 5.0.”
- Overall length of no less than 8.52” or no longer than 8.62.”
- A specially designed barrel may be used, providing it does not measure more than .700 inch outside diameter and meets the length measurements of the issued barrel. This barrel dimension may be achieved with the use of a larger barrel or a sleeve fitted to the end of the barrel. Threading the barrel to fit the sleeve is permitted.
- The distance between sights, measured from the highest point of the front sight to the rear face of the rear sight, must not be more than 7.5 inches.
- The stock must not be more than 1.500” wide between left and right extremities.
- The trigger may be extended, adjustable and vented.
- The fore strap and rear of the grip may be covered with a non-slip adhesive tape, but the tape may not be continuously wrapped around the grip.
- The double action capability of the firing mechanism must be operable.

6.4.3 Standard Smallbore Pistol, Caliber .22 Rimfire

The Standard Smallbore Pistol may be used in matches specifically designated for this pistol. The pistol must comply with the following specific requirements:

- The pistol may be any .22 caliber rimfire pistol, either semi-automatic or revolver.
- The pistol may have standard, orthopedic or specially shaped grips.
- The pistol must have the same type of sights as a Service Pistol. An adjustable rear sight may be used.
- Optical sights are not permitted.
- The pistol must have a trigger pull of at least two pounds.

6.5 Special Firearm Regulations

6.5.1 Changing Firearms

Firearms used in CMP Service Rifle and Pistol events may not be changed during the firing of any single event, except when a rifle or pistol is declared disabled by the Chief Range Officer. The changing of the upper barrel assembly of a Service Rifle is not allowed.

6.5.2 Firearm Inspections

Competitors are responsible for ensuring that their firearms are safe and meet all applicable requirements of Rules 6.1 through 6.4. The Match Director and competition officials are authorized to check firearms and equipment for compliance with CMP Rules before, during or after competitions. The CMP may establish post-competition firearm inspections

where firearms used in CMP sanctioned competitions are disassembled and checked to ensure compliance with CMP Rules. Such inspections, however, may only be made after the competitor has completed firing all stages of an event. If a competitor's firearm fails an inspection during or immediately after a competition event, the competitor's score for that event must be disqualified.

6.5.3 Weighing Triggers

Service rifles and pistols and as-issued military rifles must comply with minimum trigger pull weights that are specified in Rules 6.1.1 and 6.3.1. When trigger pulls are checked, the trigger weight must be lifted so that it hangs freely from the cocked trigger. After the trigger weight is lifted, the trigger must be released to confirm that it was properly cocked. A maximum of three attempts may be made to lift the trigger weight.

6.5.4 Sharing Firearms

Two or more competitors may use the same firearm in a match if their squadding permits.

6.5.5 Disabled Firearms

Disabled firearms may be replaced if a substitution can be made without delaying that stage of the match. The replacement firearm must comply with these rules and be of the same type and caliber as the disabled firearm. A Range Officer must confirm that the firearm is disabled before it may be replaced.

6.5.6 Authority to Bar Unsafe Firearms or Ammunition

Each competitor is responsible for using a firearm and ammunition that operates and functions safely. In CMP-sponsored or sanctioned competitions, the CMP Chief Operating Officer, Match Director or their designees are authorized to bar from use any firearm or ammunition that he/she, in his/her sole discretion, determines to be in an unsafe condition or to pose an unreasonable risk of personal injury or property damage.

6.6 Ammunition

6.6.1 Rifle Ammunition

Rifle competitors may use any safe ammunition, except that match sponsors may elect to issue ammunition to all competitors. No tracer, armor piercing or incendiary-type ammunition or projectiles may be used.

6.6.2 Pistol Ammunition

- .45 Cal. Pistol. Competitors with .45 cal. pistols may use any safe ammunition with 230-grain, full metal jacket, round nosed bullets.
- 9 mm Pistol. Competitors with 9 mm pistols may use any safe ammunition with 115 to 125 grain, full metal jacket, round nosed bullets.

6.6.3 Issued Ammunition

If the match sponsor elects to issue ammunition, all competitors in that competition must draw and use issue ammunition and may not substitute any other ammunition.

6.7 Slings

Slings may be used to provide support for the firing position in CMP-recognized rifle events in accordance with these regulations:

6.7.1 Standard U. S. Military Slings

Slings used on all service rifles must be standard U. S. military issue M1907 leather, or M1 web slings or identical slings of commercial manufacture made of leather, web or synthetic material.

6.7.2 Sling Configuration

Military issue or commercial M1907 and M1 slings must conform to the original pattern with no modifications or additional hooks, claws, clips or clamps. Leather or web slings may be no wider than 1 3/8" and no thicker than 3/16". Leather slings may have no more than two keepers no wider than 7/8" each and made of leather no thicker than 3/16". Stitching, brads, rivets, or staples may be used to join keeper ends. The overlap at the joining area may be no more than 1 1/8" and must be on the flat, i.e.; may not go around the curved edge of the keeper.

6.7.3 Sling Attachment

Slings must be attached directly to the front sling swivel; a hook may not be used to attach a M1907 pattern or M1 sling to the front sling swivel.

6.7.4 Prohibited Sling Features

Sling cuffs and padded or lined slings may not be used. The use of hooks, button, straps or similar devices fastened to the shooting coat to hold the sling in place is not permitted. The shooting coat may have hooks, buttons or straps as long as they are not used to hold the sling in place. Cartridge cases may not be used to hold the sling or sling keeper in place.

6.7.5 How Slings Are Used

Slings must remain attached to service rifles at all times. M1907 or M1 slings may be configured with arm loops and used for support in the prone, sitting or kneeling positions. In the standing position, slings must remain attached to the rifle in the parade configuration and may not be used to support the position, except that in the 200-yard stage of the Infantry Team Match, the sling may be used as a hasty sling without using an arm loop, but with the sling wrapped around the arm (Rule 8.6.3). In the sitting or kneeling and prone positions, the sling must be attached at the forward sling swivel, but it does not have to remain attached at the rear sling swivel.

6.8 Shooting Clothing and Accessories

6.8.1 Shooting Jackets

Shooting jackets made of flexible material may be worn in CMP Service Rifle events. Shooting jackets may have shoulder, sling and elbow pads providing those pads are not constructed so as to provide rigid artificial support. Jacket constructions that use back braces, non-flexible liners or other non-flexible materials are prohibited.

6.8.2 Other Clothing

Except for the shooting jacket, only normal outdoor or sports clothing may be worn. Wearing a maximum of two sweatshirts made of soft, flexible material under the shooting jacket is permitted. Special shooting trousers or special shooting shoes or boots may not be worn.

6.8.3 Shooting Glove

Special shooting gloves may be worn on the left hand (right-handed shooter) in all CMP Service Rifle events.

6.8.4 Shooting Mats

Ground cloths or shooting mats may be used in all CMP Service Rifle events, except the National Trophy Infantry Team Match (Rule 8.6).

6.8.5 Kneeling Rolls

A kneeling roll not exceeding six (6) inches in diameter may be used under the right ankle or instep if shooting is done in the kneeling position. A kneeling roll may not be used in the sitting or prone positions.

6.8.6 Spotting Scopes

The use of a telescope to spot shots is permitted. The spotting scope stand may not be positioned forward of the firing line.

6.8.7 Shooting Kits or Stools

A shooting kit or stool used to carry equipment may be used. The kit or stool may be placed on the firing point, but may not be located forward of the firing line. The kit or stool may not be of such size or construction as to constitute a wind break.

6.8.8 Electronic Devices

Electronic devices such as radios, any type of sound production device or any type of communication system are prohibited forward of the ready line, unless such devices are used by match officials in the performance of their official duties or by scorers in the performance of scoring duties only.

6.9 Targets

6.9.1 Pistol Targets

The following targets or a CMP-approved target with the same scoring ring dimensions are required for CMP pistol courses of fire (Tables 4 and 5).

- **50 yards.** NRA B-6 target.
- **25 yards.** NRA B-8 target.

6.9.2 Highpower Rifle Targets

The following targets or a CMP-approved target with the same scoring ring dimensions are used for all CMP courses of fire (Tables 6 and 7) except the National Trophy Infantry Team Match (Table 8). National Trophy Infantry Team Match targets are described in Rule 8.6.2.

- **200-Yard SR Target.** The standard U.S. Army Short-Range (SR) (200-300 yards or meters) competitive rifle target with the X, 10 and 9 rings black or the NRA SR target may be used.
- **300-Yard SR Target.** Same target as in (1) above, but with the X, 10, 9 and 8 rings black. The NRA SR-3 target may be used.
- **600-Yard MR Target.** Standard U.S. Army Mid-Range (MR) (600 yards or meters) competitive rifle target with the X, 10, 9, 8 and 7 rings black. The NRA MR-1 target may be used.
- **100-Yard Reduced 200-Yard SR Target.** The 200-yard SR target reduced for firing at 100 yards. This target is used for the M1 Carbine Match and may be used in Short Range courses of fire that are fired at 100 yards. The NRA SR-1 target may be used.
- **100-Yard Reduced 300-Yard SR Target.** The 300-yard SR target reduced for firing at 100 yards. This target is used in Short Range courses of fire that are fired at 100 yards. The NRA SR-21 target may be used.
- **100-Yard Reduced 600-Yard MR Target.** The 600-yard MR target reduced for firing at 100 yards. This target is used in Short Range courses of fire that are fired at 100 yards. The NRA SR-31 target may be used.
- **200-Yard Reduced 300-Yard SR Target.** The 300-yard SR target reduced for firing at 200 yards. This target is used in Short Range courses of fire that are fired at 200 yards. The NRA SR-42 target may be used.
- **200-Yard Reduced 600-Yard MR Target.** The 600-yard MR target reduced for firing at 200 yards. This target is used in Short Range courses of fire that are fired at 200 yards. The NRA SR-52 target may be used.

6.9.3 Infantry Trophy Rifle Targets

U. S. Army “E” and “F” silhouette targets that are used for the Infantry Trophy Team Match are described in Rule 8.6.2, a.

7.0 Service Pistol Competition Events

7.1 General Competition Conditions

7.1.1 Arms Allowed

All competitors, except junior competitors who are competing for junior trophies and awards, must fire the Service Pistol (Rules 6.3 and 6.4) in all Service Pistol events. Junior competitors who are competing for junior awards must fire the Standard Smallbore Pistol as defined in the Rule 6.4.3.

7.1.2 Target Assignments

Competitors and teams in National Trophy and EIC matches must be assigned to available relays and firing points on the basis of random draws.

7.1.3 Tie Breaking

- Ties in individual competitions must be broken by the highest X-count, then by the highest score on the last stage, then by the highest score in the next to the last stage, etc.
- Ties in team events must be broken by totaling the scores of all team members and applying individual tie-breaking procedures to those totals.
- Ties in aggregate events shall be broken by applying Rule 7.1.3, a to the aggregate score and then to the last match fired, etc.

7.2 President's Pistol Match and President's Pistol Course

The President's Pistol Match is a National Trophy Match conducted during the annual National Matches. The President's Service Pistol Course may be fired as an event in other CMP-sanctioned matches.

7.2.1 Course of Fire

The President's Pistol Course of Fire (Table 4) is used.

Table 4 -- President's Pistol Course						
Stage	Distance	Type of Fire	Firing Position	Number of Shots	Time Limit	Scoring
First	50 yds.	Slow	Standing	2 series of 10 shots	10 min. per series	After each series
Second	25 yds.	Timed	Standing	2 series of 5 shots	20 sec. per series	After 10 shots
Third	25 yds.	Rapid	Standing	2 series of 5 shots	10 sec. per series	After 10 shots

7.2.2 National Trophy President's Pistol Match Awards

The match winner is awarded the President's Pistol Trophy. The 100 highest scoring competitors are designated as "The President's One Hundred" and will be awarded President's One Hundred medallions and certificates. The high scoring junior firing a Standard Smallbore Pistol is awarded a President's Pistol Junior Plaque.

7.3 National Trophy Individual Pistol Match and Pistol National Match Course

The National Trophy Individual Pistol Match is a National Trophy Match conducted during the annual National Matches. The President's Pistol Service Pistol Course may be fired as an event in other CMP-sanctioned matches.

7.3.1 Course of Fire

The Pistol National Match Course of Fire (Table 5) is used.

Table 5 -- Pistol National Match Course

Stage	Distance	Type of Fire	Firing Position	Number of Shots	Time Limit	Scoring
First	50 yds.	Slow	Standing	1 series of 10 shots	10 min. per series	After 10 shots
Second	25 yds.	Timed	Standing	2 series of 5 shots	20 sec. per series	After 10 shots
Third	25 yds.	Rapid	Standing	2 series of 5 shots	10 sec. per series	After 10 shots

7.3.2 National Trophy Individual Pistol Match Awards

Individual competitors in the National Trophy Individual Match receive General Custer Trophy medals in accordance with Rule 9.2.6. The highest scoring competitor in each category of the National Trophy Individual Pistol Match receives the award listed below:

- **Overall Match Winner.** General Custer Trophy
- **Air Force.** Curtis LeMay Trophy
- **Reserve.** U.S. Army Reserve Memorial Trophy
- **National Guard.** National Guard Association Trophy
- **Police.** Ancient Archer Trophy
- **Civilian.** Citizen's Military Pistol (Silver Bowl) Trophy
- **Junior.** G. P. "Perry" DeFino Trophy. Juniors must fire a .22 cal. rimfire Standard Smallbore Pistol (Rule 6.4.3) to be eligible for this award.
- **Women.** Woman's Pistol Trophy
- **Senior.** Senior Pistol Trophy

7.4 National Trophy Pistol Team Matches

The National Trophy Pistol Team Match is a National Trophy Match conducted during the annual National Matches. Other team matches for four or two-person teams are conducted as part of State Service Pistol Championships or other CMP-sanctioned Service Pistol Competitions.

7.4.1 Four-Person Teams

The team consists of a captain, coach and four members who fire for the team's score.

7.4.2 Two-Person Teams

The team consists of a captain or coach and two members who fire for the team's score.

7.4.3 Junior Team Composition

The team consists of a captain, coach and two Junior members who fire for the team's score. Two-person junior teams must fire .22 cal. rimfire Standard Smallbore Pistols as defined in Rule 6.4.3 to be eligible for junior team awards.

7.4.4 Course of Fire

The Pistol National Match Course of Fire (Table 5) is used for each firing member.

7.4.5 Competition Conditions

- **Team Targets.** All teams must be assigned the same number of targets. Four person teams are normally assigned two targets; two-person teams are normally assigned one target.
- **Firing Order.** Team captains or coaches may assign firing members to fire on any team target in any order. The firing order may change between stages, but the scorekeeper must be notified.

7.4.6 National Trophy Team Awards

The highest scoring team in each category of the National Trophy Pistol Team Match receives the award listed below. - **Highest-Scoring Individual Air Force Competitor** (Active, Reserve, or National Guard). General Carl Spaatz Trophy.

7.4.8 National Civilian Pistol Team Awards

Each member of the National Civilian Pistol Team is awarded an Elihu Root gold medal. The team consists of the four highest-scoring individual civilian competitors and the coach and captain of the highest-scoring civilian team in the National Trophy Pistol Team Match.

7.5 NTI/NTT Aggregate

7.5.1 Course of Fire

The NTI/NTT course of fire consists of and aggregate total of individual scores fired in the Pistol National Match Course and the Pistol Team 30-shot course.

7.5.2 National Trophy Match Awards

The individual competitors with the highest aggregate scores in the National Trophy Individual Pistol Match (Rule 7.3) and the National Trophy Pistol Team Match (Rule 7.4) in the categories listed below receive the following awards.

- **Active Army.** General Patton Trophy
- **Navy** (Active or Reserve). Fleet Admiral Nimitz Trophy
- **Marine Corps** (Active or Reserve). McMillan Trophy
- **Civilian.** Anheuser-Busch Trophy

7.6 President's/NTI Aggregate

7.6.1 Course of Fire

The President's/NTI course of fire consists of an aggregate of individual scores fired in the 40-shot President' Pistol Course and the 30-shot Pistol National Match Course.

7.6.2 Awards

The Woman competitor with the highest President's/NTI aggregate score in the National Trophy Pistol Matches receives the Rose B. Krelstein Trophy.

7.7 National Service Pistol Aggregate

The National Service Pistol Aggregate is a 1000-point aggregate consisting of individual scores fired in the 40-shot President's Match Course, the 30-shot National Trophy Match Course and a 30-shot two or four-person team course.

7.8 Service Pistol Excellence-in-Competition Matches

Pistol EIC Matches are CMP-sanctioned matches where Non-Distinguished competitors can earn EIC credit points and all competitors can earn awards (see also Rule 3.0). Pistol EIC Matches include the National Trophy Individual Pistol Match, Pistol EIC Matches sanctioned by the CMP and conducted by CMP

affiliated state associations and clubs and Pistol EIC Matches conducted by the Armed Services.

7.8.1 Course of Fire

The Pistol National Match Course of Fire (Table 5) is fired by all competitors.

7.8.2 EIC Matches Awards

- **EIC Credit Points.** Eligible Non-Distinguished competitors are awarded EIC credit points in accordance with Rule 9.2.
- **National Trophy Individual Pistol Match.** Place medals are awarded to the highest scoring 10 percent of all Non-Distinguished competitors as determined according to Rule 9.2.6. Gold medals are awarded to competitors earning 10 points, silver medals to competitors earning eight points and bronze medals to competitors earning six points. A Distinguished competitor is awarded the same place medal as the next Non-Distinguished competitor who places below that competitor.
- **CMP-Sanctioned EIC Matches.** The top three finishers in each CMP-sanctioned EIC match with a minimum of six eligible Non-Distinguished competitors or ten total competitors regardless of Distinguished status, are awarded Gold, Silver and Bronze EIC Match place medals.

7.9 State Championship, and Club Service Pistol Matches

State Championship and other Service Pistol Matches may be sanctioned by the CMP and conducted by CMP-affiliated state associations and clubs.

7.9.1 Courses of Fire

Events included in a State or Club Service Pistol Championship programs are selected by the match sponsor and approved by the CMP. Events that may be included are:

- President's Pistol Course (40 shots, individual)
- Pistol National Match Course (30 shots, individual)
- Service Pistol 4x30 Team Course (4x30 shots, team), or
- Service Pistol 2x30 Team Course (2x30 shots, team)
- National Service Pistol Aggregate [total of scores fired in a., b. and c. or d.

7.9.2 Awards

- State associations may provide awards for State Championships. Sponsoring organizations may provide awards for other Service Pistol competitions.
- The CMP will provide State Champion medallions to the winner of all State Championships that use the 1000-point Service Pistol Aggregate (Rule 7.7).

8.0 Service Rifle Competition Events

8.1 General Competition Conditions

8.1.1 Arms Allowed

All competitors must fire the Service Rifle as defined by Rules 6.1 and 6.2 in the National Trophy Rifle Matches, EIC Matches and other CMP-sanctioned Service Rifle Matches.

8.1.2 Target Assignments

Individual competitors in National Trophy, EIC, State Championship or other CMP-sanctioned Service Rifle matches must be assigned to available relays and firing points on the basis of random draws. Teams in the National Trophy and National Trophy Infantry Team matches may be squadded by match officials to ensure that teams of similar ability fire under relatively equal conditions.

8.1.3 Sighting Shots

Sighting shots are not allowed in any Rifle National Trophy, EIC, CMP-sanctioned State Championship or other CMP-sanctioned Service Rifle Match. The no sighter rule applies even if firing in a relay is interrupted.

8.1.4 Loading and Reloading Rifles

- **Slow-Fire Loading.** In all slow-fire stages, the rifle will be loaded with only one cartridge at a time. The rifle must remain pointed downrange while loading; a rifle may not be loaded while resting on a shooting stool.
- **Rapid-Fire Loading.** After the command **ON THE FIRING LINE STAND...WITH BOLTS CLOSED ON EMPTY CHAMBERS...LOAD**, competitors with M16/M14 type rifles must stand with actions closed on empty chambers or must close their rifle actions on empty chambers and insert a magazine loaded with two rounds. Any competitor with an M1 Garand must place a clip and two rounds in the magazine and close the bolt on an empty chamber by over-riding the top round in the magazine. When the targets rise or the command **TARGETS** is given, competitors must drop down into position and then cycle the bolt to chamber the first round. No round may be chambered until the competitor is down in position. A competitor is considered down in position when the buttocks are on the ground in sitting or one elbow is on the ground in prone.
- **Infantry Trophy Loading.** Team Captains will direct loading and reloading in coordination with range officer commands to **LOAD AND BE READY**.

8.1.5 Standing Prior to Rapid Fire Stages

When the preparation period prior to a rapid-fire stage ends, shooters are commanded **ON THE FIRING LINE...STAND**. All competitors who wish to be eligible to earn EIC credit points or win National Trophy Match awards are required to stand and begin each rapid-fire stage from the standing position. If a competitor is unable to stand or has a medical authorization to remain in

position, those competitors may begin rapid-fire stages in position. Competitors who do not begin rapid-fire stages from the standing position will have their scores recorded in the Open Individual Category (Rule 4.11) and are not eligible to earn EIC points or win National Trophies. They may, however, be eligible to win other awards in accordance with the match program. Shooters who begin rapid-fire stages in the firing position must follow the same loading commands and procedures that are specified in Rule 8.1.4. Competitors who do not stand, may not look through their spotting scopes while competitors are standing. No competitor may cycle the bolt to chamber a round and shoulder the rifle until after the firing time begins (targets rise or the command **TARGETS** is given) and no competitor who begins a rapid-fire series in position may fire a shot until after a shooter who was standing fires a shot.

Special Exemption: In recognition of their extreme sacrifice to our country, military or former military members who were awarded the Purple Heart for injuries sustained in combat that resulted in partial or complete loss (or replacement) of lower extremities are allowed to remain in position for rapid fire stages and still be eligible to earn EIC points and win National Trophies. Competitors who start rapid-fire stages in position must load on command. They may not chamber the first round or shoulder the rifle until the targets rise and they may not fire a shot until after a shooter who was standing fires the first shot.

8.1.6 Tie-Breaking

- Ties in individual events shall be broken by the highest number of Xs, then the highest numerical score at the longest range, then the highest number of Xs at the longest range, then the highest numerical score at the next longest range, etc.
- Ties in team events shall be broken by applying the individual tie-breaking procedure (Rule 8.1.7) to the totals of the scores of all team members.
- Ties in aggregate events shall be broken by applying Rule 8.1.6, a to the aggregate score and then to the last match fired, etc.

8.1.7 Pair Firing in Team Matches

Pair firing must be used in the slow fire stages of all team matches. In pair firing, two firers are assigned to a single target and fire alternating shots, with the competitor on the right firing first. A shot fired out of turn must be scored as a miss.

8.2 Rifle Firing Positions

The firing positions that competitors use in CMP Service Rifle events must comply with these rules. The use of any form of artificial support that is not specifically described in these rules is prohibited. Digging elbow or heel holes in

the ground is prohibited. Rifle magazines may touch the arm or shooting jacket sleeve, but may not touch the ground or be used to provide artificial support.

8.2.1 Standing Position

The shooter must stand on both feet while supporting the rifle with both hands, the shoulder or upper arm and the cheek. The arm that supports the rifle may rest on the hip or side of the body. The other arm must grasp the rifle at the pistol grip. The sling may be within the grasp of the left hand (right-handed shooter) or it may pass over the outside of the hand, but it may not be used to support the rifle in standing. The sling must remain attached to the rifle in parade configuration in Service Rifle Matches; the sling does not have to remain attached to the rifle in CMP Games Matches (Rule 6.7).

8.2.2 Sitting or Kneeling Position

The shooter may elect to shoot in either the sitting or kneeling position. In the sitting position, the shooter sits on the buttocks while supporting the rifle with both hands, the shoulder and cheek. A sling may be used in either the sitting or kneeling position. The legs may be crossed, extended or open. Both elbows may rest on the legs that are extended or crossed in front of the shooter at any point above the ankles. The elbows may not rest on the ground. In the kneeling position, the shooter sits on one foot, which may be supported by a kneeling roll, while supporting the rifle with both hands, the shoulder and cheek. If a kneeling roll is used, the foot may not be turned at an angle of more than 45 degrees. One elbow may rest on the knee opposite the leg/foot on which the shooter is sitting. No other part of the body or rifle may rest on any object or support.

8.2.3 Prone Position

The shooter lies on the ground, with the head towards the target, with the rifle supported by both hands, the shoulder and cheek. A sling may be used in the prone position. The rifle may not touch the ground or rest on any object or support. No part of the arm ahead of the elbow may touch the ground or any artificial support. The magazine may touch the shooting jacket, but may not compress the jacket sleeve to the ground so as to provide artificial support.

8.3 President's Rifle Course and President's Rifle Match

The President's Rifle Match course of fire (40-shots) is a National Trophy Match conducted during the annual National Matches. The President's Rifle Course (30-shots) may be used in other CMP-sanctioned matches.

8.3.1 Course of Fire

The President's Rifle Course of Fire and President's Rifle Match Course of Fire is described in Table 6.

Table 6 -- President's Rifle Course

Stage	Distance	Type of Fire	Firing Position	Number of Shots	Time Limit
First	200 yds.	Slow	Standing	10	10 min.
Second	300 yds.	Rapid	Prone from Standing	10	70 sec.
Third	600 yds.	Slow	Prone	10	10 min.
Final Stage (for top 20 competitors in Stages 1-3)					
Final	600 yds.	Slow, each shot timed separately	Prone	10	50 sec. for each shot

8.3.2 Final Stage Procedures

All competitors fire the first three stages of the President's Rifle Course. Scores fired in stages 1-3 of the President's Rifle Course determine the competitors who are designated as "The President's One Hundred." After scores for the first 30 shots are recorded and ranked, the top 20 shooters must fire an additional ten shots at 600 yards to determine the match winner and the final ranking of those shooters. The top 20 final stage competitors will have a ten-minute preparation period, followed by ten additional record shots that are fired and scored, one-shot-at-a-time. Competition shots will be fired with this command sequence: **FOR YOUR FIRST SHOT...LOAD...COMMENCE FIRING**. After 50 seconds or when all competitors have fired, the Range Officer will command: **CEASE FIRING, SCORE ALL TARGETS**. Ten seconds after all targets are raised in the pits, with scores marked, the command sequence will continue: **FOR YOUR NEXT SHOT...LOAD...COMMENCE FIRING**. This command-firing-scoring sequence will continue until all ten record shots in this stage are fired. Any competitor who wishes to protest a scored shot value must do so before the commands for the next shot begin. If a shot value is protested, the commands for the next shot will not begin until the protest is decided.

8.3.3 Final Rankings and Awards

Competitors in places 1-20 will be ranked according to their 40-shot totals in stages 1-4. If two or more competitors are tied for first place with the same numerical and X-count score, the first place tie only will be broken by continuing to shoot single shots until the tie is broken. The highest score in

the final stage, then in stage 3, etc., will determine ties for places 2 through 19. Competitors in places 21 and below will be ranked according to their 30-shot totals in stages 1-3. The match winner is awarded the President's Rifle Trophy. The 100 highest scoring competitors in the match are designated as "The President's One Hundred" and are awarded President's One Hundred medallions and certificates.

8.4 National Trophy Individual Rifle Match

The National Trophy Rifle Match is a National Trophy Match that is conducted during the annual National Matches. The Rifle National Match course of fire may be used in other CMP-sanctioned matches.

8.4.1 Course of Fire

The Rifle National Match Course of Fire (Table 7) is used.

Table 7 -- Rifle National Match Course

Stage	Distance	Type of Fire	Firing Position	Number of Shots	Time Limit
First	200 yds.	Slow	Standing	10	10 min.
Second	200 yds.	Rapid	Sitting or Kneeling from Standing	10	60 sec.
Third	300 yds.	Rapid	Prone from Standing	10	70 sec.
Fourth	600 yds.*	Slow	Prone	20	20 min.

*The CMP may authorize the fourth stage to be fired at 500 yards for EIC matches other than the National Trophy Matches, if a 600-yard range is not available. The 600-yard MR target is used if firing is done at 500 yards.

8.4.2 National Trophy Matches Awards

Individual competitors in the National Trophy Individual Match receive Daniel Boone Trophy medals in accordance with Rule 8.10.2. The highest scoring competitor in each category of the National Trophy Individual Rifle Match receives the award listed below:

- **Overall Match Winner.** Daniel Boone Trophy
- **Reserve.** Citizen Soldier Trophy
- **National Guard.** National Guard Association Trophy
- **Police.** Police Rifle Trophy
- **Civilian.** Nathan Hale Trophy
- **Junior.** Golden Eagle Trophy

- **Women.** Woman's Rifle Trophy
- **Army** (Active, Reserve, or National Guard). Association of the U.S. Army Trophy
- **Marine Corps** (Active, Reserve). Coast Artillery Trophy
- **Air Force** (Active, Reserve or National Guard). Lieutenant Paul J. Roberts, Jr., Memorial Trophy
- **Infantry** (U. S. Army Active, Reserve, or National Guard). 25th Infantry Division Trophy
- **Navy.** Wyatt Trophy
- **Senior.** Special award provided by CMP

8.5 National Trophy Rifle Team Match

The National Trophy Rifle Team Match is a National Trophy Match conducted during the annual National Matches.

8.5.1 Team Composition

The team consists of a captain, a coach and six members who fire for the team's score.

8.5.2 Course of Fire

The National Match Rifle Course of Fire (Table 7) is used for each firing member.

8.5.3 Competition Conditions

- **Pair Firing.** All teams must use pair firing in the slow fire stages of the National Trophy Rifle Team Match. The time limit for three pairs of shooters to complete the 200-yard standing stage is 66 minutes. The time limit for three pairs of shooters to complete the 600-yard prone stage is 126 minutes.
- **Team Targets.** All teams must be assigned the same number of targets. Each team normally is assigned one target.
- **Firing Order.** Team captains may assign pairs (slow fire stages) or members (rapid fire stages) to fire in any order. The firing order may change between stages, but the scorekeeper must be notified.
- **Target Pullers.** For the National Trophy Team Match, each team must provide two target pullers to work in the pits. Target pullers must be experienced and physically able to handle targets for highpower rifle matches. Failure to provide capable target pullers may disqualify a team. Both target pullers must go into the pits to their team's assigned target. Before the firing starts, the chief pit officer randomly assigns one puller to the firing point of his or her own team and the other to the firing point of another team. Firing shall not be interrupted for pit changes.
- **Station of Team Captain.** When a team is on the firing line, the captain may be stationed in front of the ready line and slightly behind the coach so that the captain can observe team operations and score keeping. Except during a National Trophy Infantry Team Match, captains who are not occupying the coach's station may not assist in coaching. The

captain may talk with the coach, but may not talk directly with shooters during firing.

- **Station of Team Coach.** The coach's station is slightly behind or beside the shooter(s). Only one person may occupy the coach's station at any time. Any member of the team, including the captain may occupy the coach's station.
- **Scorers.** Each team must provide one scorer to score the team on their right. A designated scorer, team member who is not firing or the team captain may perform scorer duties.

8.5.4 National Trophy Team Match Awards

The highest scoring team in each category of the National Trophy Rifle Team Match receives the award listed below. The firing members, coach and team captain of the second place team in each category receive silver medals and the firing members, coach and captain of the third place team receive bronze medals.

- **Overall Team Champion.** National Trophy
- **Reserve Component.** Hilton Trophy
- **Civilian.** Soldier of Marathon Trophy
- **Junior.** Minuteman Trophy

8.5.5 National Trophy Team Match Individual Awards

The highest scoring individual in each category of the National Trophy Rifle Team Match receives the award listed below:

- **Highest-Scoring Competitor.** Pershing Trophy
- **Highest-Scoring Army Competitor** (Active, Reserve, or National Guard): Rattlesnake Trophy
- **Highest-Scoring Air Force Competitor** (Active, Reserve, or National Guard): General Thomas White Trophy

8.5.6 National Civilian Rifle Team Awards

The National Civilian Rifle Team consists of the six highest-scoring individual Civilian competitors and the coach and captain of the highest-scoring Civilian team in the National Trophy Team Match. Each member of the National Civilian Rifle Team is awarded an Elihu Root gold medal.

8.6 National Trophy Infantry Team Match

The National Trophy Infantry Team Match is a National Trophy Match conducted during the annual National Matches.

8.6.1 Team Composition

The team consists of a captain, a coach and six members who fire for the team's score.

8.6.2 Course of Fire

The Infantry Team Match Course of Fire (Table 8) is used for each team of six firing members.

- For firing at 600 and 500 yards, a standard 600-yard target is reversed to display a white background and pasted on a standard competitive target frame. The Army “E” silhouette target is centered horizontally on this background, with the top of the silhouette 13” below the top of the frame. For firing at 300 and 200 yards, the Army “F” silhouette target is pasted on the face of a standard 200-yard target, with the top of the silhouette positioned at the top of the 8 ring.
- Teams take their positions on the 600-yard firing line as directed by team officials. Only the captain, coach, and firing members are permitted on the firing line. A three-minute preparation period is given at the 600-yard firing line only. After the preparation period ends, the command **LOAD AND BE READY** is given and the targets are exposed between 10 seconds and no later than 40 seconds after this command. Shooters may start firing when targets appear. The Chief Range Officer must vary the start command within these standards so that the timing of the **LOAD AND BE READY** command is not predictable. Between stages, each team moves forward abreast. Rifles must be unloaded, with magazines removed and bolts open, with muzzles elevated and pointed down range. The firing procedures at each range are the same as those at 600 yards. Each relay must complete the match before the next relay is called.

Table 8 -- Infantry Team Match Course

Stage	Distance	Firing Position	Time Limit
First	600 yds.	Prone	50 sec.
Second	500 yds.	Prone, Sitting or Kneeling	50 sec.
Third	300 yds.	Sitting or Kneeling	50 sec.
Fourth	200 yds.	Standing	50 sec.

8.6.3 Competition Conditions

- **Slings.** M1907 or M1 slings may be configured with arm loops and used for support in the prone, sitting or kneeling positions. In the 200-yard standing position stage, the sling may only be used as a hasty sling, without an arm loop, but with the sling strap wrapped around the arm (Rule 6.7).
- **Ammunition.** Each team is permitted a total of 384 rounds of ammunition. The team captain allocates the ammunition among stages, divides it among the firing members and decides the number of rounds to be loaded in the clips or magazines.

- **Targets.** Each team is assigned a block of eight adjacent targets. Gaps in the target line separate one team's targets from those of another.
- **Coaching.** During the Infantry Team Match, both the team captain and the team coach may coach and talk directly with the shooters and they may touch the shooters' rifles.
- **Malfunctions.** No alibis are accepted for misfires, disabled firearms or other failures of range or team equipment.
- **Score Recording.** An assistant range officer is assigned to each team to enforce safety regulations and record the team's scores. A designated team representative (verifier) may accompany this officer downrange to verify scores.

8.6.4 Scoring

- All scores are recorded on the firing line at the end of each stage.
- Hits outside the silhouettes are not scored or marked.
- Hits on the silhouettes count 4 points at 600 yards, 3 points at 500 yards, 2 points at 300 yards and 1 point at 200 yards.
- A bonus for distribution is calculated at each range. The bonus is determined by counting the number of silhouette targets that contain six or more hits each. The number of targets with six or more hits is squared and that result is added to the total hit score for that range to produce the total score for that range.
- Ties are broken according to the highest team score at 600 yards, then at 500 yards, etc.

8.6.5 Telescopes and Field Glasses

In the National Trophy Infantry Team Match, the team captain and coach are permitted to use binoculars that do not exceed 10X50 in power and objective lens diameter. Telescopes may only be used behind the ready line and before the preparation period starts. Telescopes and field glasses may be used as follows:

- The team captain and coach may use a telescope behind the assembly line for the purpose of reading the wind before the start of their team's relay. These telescopes may not be used for coaching or reading wind after the preparation period starts.
- After the preparation period starts, the captain and coach may use binoculars that do not exceed 10X50 in power and objective lens diameter.
- The assistant range officer or verifier may carry one telescope downrange and may use it only to check and verify scores.
- Telescopes taken downrange must be turned parallel to the firing line during the time when targets are exposed and may be turned towards the targets only during scoring.

8.6.6 National Trophy Infantry Team Match Awards

The highest scoring team in each category of the National Trophy Infantry Team Match receives the award listed below. The firing members, coach and team captain of the second place team in each category receive silver medals and the firing members, coach and captain of the third place team receive bronze medals.

- **Overall Team Champion.** Infantry Trophy
- **Reserve Component.** Celtic Chieftain Trophy
- **Civilian.** Leatherneck Trophy
- **Junior.** Junior Infantry Team Trophy

8.7 Hearst Doubles Rifle Team Match

The Hearst Doubles Team Match is a two-person team event conducted during the annual National Matches.

8.7.1 Team Composition

Each team consists of two members. Rule 4.8 regarding team affiliation or composition does not apply for this match. Any two competitors may form a Hearst Doubles Team.

8.7.2 Course of Fire

The President's Rifle Course of Fire, Stages 1-3, (Table 6) is used for each firing member.

8.7.3 Competition Conditions

- **Pair Firing.** All teams must use pair firing in the slow fire stages of the Hearst Doubles Rifle Team Match.
- **Firing Procedures.** Each two-person team has 20 minutes to fire the 200-yard standing and 600-yard prone stages of this event. 300-yard rapid-fire stages will be fired separately in the order designated by each team.
- **Squadding.** Each team will fire together on one target. Three teams will be squadded on each target. The teams will be squadded so that one team fires, one team pulls targets and one team scores and assists in conducting firing.
- **Coaching.** Hearst Doubles teams may not have non-firing coaches with them on the firing line, but team members may coach each other during the three stages of the match.

8.7.4 National Trophy Hearst Doubles Team Match Awards

The two-person team with the highest total score in the Hearst Doubles Match receives the William Randolph Hearst Trophy.

8.8 National Trophy Junior Team Match

The National Trophy Junior Service Rifle Team Match is a two-person team event for Junior competitors that is conducted during the National Matches.

8.8.1 Team Conditions

- Each team consists of two firing members, a Team Coach and a Team Captain. The two firing members must be Juniors in accordance with Rule 4.6.3.
- State or Club teams must represent a CMP-affiliated state association or club in accordance with Rules 4.8.5 and 4.8.6. Team firing members and the Team Captain must be in compliance with Rule 4.7.6 residency requirements.
- Teams that do not meet Rule 4.7.6 state association or club residency requirements may compete in an At-Large Category.

8.8.2 Competition Conditions

- **Course of Fire.** The Rifle National Match Course of Fire (Table 7) is used for each firing member.
- **Pair Firing.** Pair firing must be used in the slow fire stages of the National Trophy Junior Team Match.
- **Firing Procedures.** Each two-person team has 20 minutes to fire the 200-yard standing stage and 40 minutes to fire the 600-yard prone stage. 200 and 300-yard rapid-fire stages will be fired separately in the order designated by each team.
- **Squadding.** Each team will fire together on one target. Two teams will be squadded on each target.
- **Coaching.** Coaching is permitted during all stages of the match.

8.8.3 National Trophy Junior Team Match Awards

The State or Club Team with the highest score in the National Trophy Junior Team Match receives the Freedom's Fire Trophy. Other awards will be given to State or Club and At-Large Teams in accordance with the award schedule in the CMP National Matches Program.

8.9 National Trophy Rifle Individual Championship Awards

8.9.1 NTI/NTT Aggregate

Individual competitors with the highest aggregate scores in the National Trophy Individual Rifle Match (Rule 8.4) and the National Trophy Rifle Team Match (Rule 8.5) in the categories listed below receive the following awards:

- **Active Army.** U.S. Forces Command Rifle Trophy
- **Navy** (Active or Reserve). Admiral Arleigh A. Burke Trophy
- **Marine Corps** (Active or Reserve). General Shepherd Trophy
- **Civilian.** Pietroforte Trophy

8.9.2 President's/NTI Aggregate

The Civilian competitor with the highest aggregate score in the President's Rifle Match (Rule 8.3, Stages 1-4) and the National Trophy Individual Rifle Match (Rule 8.4) receives the Alice Bull Trophy.

8.9.3 President's/NTI/NTT Aggregate

Individual competitors with highest aggregate scores in Stages 1-4 of the President's Rifle Match (Rule 8.3), National Trophy Individual Rifle Match (Rule 8.4) and National Trophy Rifle Team Match (Rule 8.5) receive the following awards:

- **Overall Individual Champion.** Mountain Man Trophy
- **Marine Corps** (Active or Reserve). GySgt Carlos Hathcock II Trophy.

8.9.4 Deneke Trophy Junior Aggregate

- The Deneke Trophy Junior Aggregate consists of the individual scores fired by Juniors in Stages 1-3 of the President's Rifle Match (Rule 8.3), the National Trophy Individual Rifle Match (Rule 8.4) and the National Trophy Junior Team Match (Rule 8.8). Members of state, club or at-large teams are eligible to compete for this award.
- The National Junior Service Rifle Team consists of the six highest-scoring individual Junior competitors in the Deneke Trophy Junior Aggregate in the National Trophy Rifle Matches, plus the coach and captain of the highest-scoring team in the National Trophy Junior Team Match.
- Members of the National Junior Rifle Team are awarded Col. William L. "Bill" Deneke medallions and will have their names inscribed on the Col. William L. "Bill" Deneke Trophy. The team consists of the six highest-scoring individual junior competitors in an aggregate of stages 1-3 of the President's Rifle Match (Rule 8.3), the National Trophy Rifle Match (Rule 8.4) and the National Trophy Junior Team Match (Rule 8.8), plus the coach and captain of the winning team in the National Trophy Junior Team Match.

8.10 Excellence-in-Competition Rifle Matches

Rifle EIC Matches are CMP-sanctioned matches where Non-Distinguished competitors can earn EIC credit points and all competitors can earn awards (see also Rule 3.0). Rifle EIC Matches include the National Trophy Individual Rifle Match, Rifle EIC matches sanctioned by the CMP and conducted by CMP affiliated state associations and clubs and Rifle EIC matches conducted by the military services.

8.10.1 Course of Fire

The Rifle National Match Course of Fire (Table 7) is used.

8.10.2 EIC Matches Place Medals

- **National Trophy Individual Match.** Place medals are awarded to the highest scoring 10 percent of all Non-Distinguished competitors as determined according to Rule 9.2.6. Gold medals are awarded to competitors earning 10 points, silver medals to competitors earning eight points and bronze medals to competitors earning six points. A Distinguished competitor is awarded the same place medal as the next non-Distinguished competitor who places below that individual.

- **Other EIC Matches.** For other EIC matches, the top three finishers in each EIC match with a minimum of six eligible Non-Distinguished competitors or ten total competitors regardless of Distinguished status are awarded Gold, Silver and Bronze EIC Match place medals.

8.11 Service Rifle Full Course Match

The Service Rifle Full Course is an aggregate of 80 total record shots, 20 shots in each of four stages, 200 yards standing, 200 yards sitting rapid-fire, 300 yards prone rapid-fire and 600 yards prone slow fire, all fired according to CMP Service Rifle rules with no sighters at any stage. The Service Rifle Full Course may be included in the program of a CMP-sanctioned State Championship or Club Service Rifle Match.

8.12 Short Range Service Rifle Courses

Short Range Service Rifle Courses are Service Rifle events where all stages are fired at 200 or 100 yards on reduced targets. Short Range Service Rifle Courses may be included in the program of a CMP-sanctioned State Championships or Club Service Rifle Match. These Short Range Service Rifle events may be used:

8.12.1 Short Range President's Service Rifle 200-Yard Course:

10 shots standing at 200 yards on the SR target, 10 shots prone rapid fire on the 300-yard target reduced for 200 yards and 10 shots prone slow fire on the 600-yard MR target reduced for 200 yards.

8.12.2 Short Range President's Service Rifle 100-Yard Course:

10 shots standing at 100 yards on the 200-Yard SR target reduced for 100 yards, 10 shots prone rapid fire on the 300-yard target reduced for 100 yards and 10 shots prone slow fire on the 600-yard MR target reduced for 100 yards.

8.12.3 Short Range National Match Service Rifle 200-Yard Course:

10 shots standing at 200 yards on the SR target, 10 shots sitting rapid-fire on the SR target, 10 shots prone rapid fire on the 300-yard target reduced for 200 yards and 20 shots prone slow fire on the 600-yard MR target reduced for 200 yards.

8.12.4 Short Range National Match Service Rifle 100-Yard Course:

10 shots standing at 100 yards on the SR target reduced for 100 yards, 10 shots sitting rapid-fire on the SR target reduced for 100 yards, 10 shots prone rapid fire on the 300-yard target reduced for 100 yards and 20 shots prone slow fire on the 600-yard MR target reduced for 100 yards.

8.12.5 Short Range Service Rifle Full Course.

This event can be fired at either 100 yards or 200 yards. The 80-shot event consists of 20 shots standing at 200 yards on the SR target or at 100 yards on the reduced SR target, 2 x 10 shots rapid-fire sitting at 200 yards on the SR target or at 100 yards on the reduced SR target, 2x10 shot rapid-fire prone at 200 yards on the 300-yard SR target reduced for 200 yards or at 100

yards on the 300-yard SR target reduced for 100 yards and 20 shots slow-fire prone at 200 yards on the 600-yard MR target reduced for 200 yards or at 100 yards on the 600-yard MR target reduced for 100 yards.

8.13 State Championship and Club Service Rifle Matches

State Championship and Club Service Rifle Matches may be sanctioned by the CMP and conducted by CMP-affiliated state associations and clubs.

8.13.1 Courses of Fire

The events included in a State Service Rifle Championship or other Service Rifle Match programs must be selected by the match sponsor and approved by the CMP. Events that may be included are:

- President's Rifle Course, stages 1-3 (30 shots, individual)
- Rifle National Match Course (50 shots, individual)
- Service Rifle Full Course Match (4x20 shots, individual)
- Service Rifle 4x50 Team Course (4x50 shots, team), or
- Service Rifle 2x30 Team Course (2x30 shots, team)

8.13.2 Awards

- State associations may provide awards for State Championships. Sponsoring organizations may provide awards for other Service Pistol competitions.
- The CMP will provide State Champion medallions to the winners of CMP-sanctioned State Championships.

9.0 Distinguished Badge Program

9.1 Distinguished Badge Program

Distinguished Badges are the highest individual awards authorized by the U. S. Government for excellence in marksmanship competitions. They are awarded by the CMP in accordance with 36 USC §40722 [3] and by the respective services in accordance with service regulations. The CMP and the military commands responsible for the awarding of Distinguished Badges coordinate their respective badge regulations and the establishment of a master file of Distinguished Badge winners (Rule 9.1.3). The Distinguished International Shooter Badge (9.3) is awarded only according to CMP Rules.

9.1.1 Military Badge Program Administration

Distinguished Badge programs for military personnel are administered by the respective services in accordance with applicable service regulations.

9.1.2 Civilian Badge Program Administration

Badge programs for civilians are administered by the CMP. The CMP issues Distinguished Badges only to shooters who earn them according to **CMP Competition Rules**. All Distinguished Badges issued by the CMP are serial numbered and are, without exception, accounted for on an individual badge

basis. The name of the recipient, the year the badge was earned and the badge serial number are engraved on the badge. Replacement or duplicate Distinguished Rifleman and Distinguished Pistol Shot Badges for civilians and Distinguished International Shooter Badges for all competitors who earned them are available from the CMP at a cost to be established by the DCM. The CMP maintains a master file of all replacement or duplicate badges issued.

9.1.3 Master Distinguished and EIC Files

The CMP maintains a master file of all civilian and military Distinguished Rifleman, Distinguished Pistol Shot and Distinguished International Shooters Badge winners. This file records the badge number, name of the recipient and date of the award. The CMP also maintains master files of all competitors who earn EIC credit points towards Distinguished designation. These files are posted on the CMP web site at <http://ct.thecmp.org>.

9.2 Distinguished Rifleman and Distinguished Pistol Shot Badges

In addition to general CMP eligibility requirements (see Rule 4.0), the following eligibility requirements apply for EIC matches only:

9.2.1 EIC Match Eligibility for Military Competitors

Non-Distinguished military competitors may compete to earn EIC credit points in the National Matches and CMP-sanctioned EIC matches, but the military services may restrict the number and type of EIC matches where military shooters are eligible to earn EIC credit points. Non-Distinguished military competitors, who according to their service regulations cannot be credited with points earned in the National Matches or CMP-sanctioned EIC Matches, shall be counted as ineligible competitors in determining the total number of Non-Distinguished competitors.

9.2.2 EIC Match Eligibility for Non-Distinguished Civilians

The number of EIC matches in which Non-Distinguished Civilians may compete for EIC points is limited. In any calendar year, Non-Distinguished Civilians, in either rifle or pistol, may compete in:

- One National Trophy Individual Match.
- A maximum of three CMP-sanctioned EIC matches. The scores of any competitor who fires in more than three EIC matches in one calendar year will not be counted in determining EIC credit points.
- A service-sponsored EIC match may be fired and counted in lieu of one of the three CMP-sanctioned EIC matches, if civilian entries are accepted in that match. Civilian shooters who fire in military EIC matches will be credited with earning EIC points in accordance with Rule 9.2.6 if they place in the top 10 percent of all Non-Distinguished military and civilian shooters in that match.
- Civilian or service shooters who do not have any EIC credit points in that event, also may enter and compete in Special EIC Matches (Rule 1.3.1, e.) sponsored by the CMP, or in Special EIC Matches sponsored by a

branch of the Armed Services, where a maximum of four EIC credit points may be earned. Civilian military academy cadets who earn four EIC credit points in Special Service (Combat) EIC Matches will be credited with those points. These special introductory EIC matches do not count as one of the three regular CMP-sanctioned EIC matches specified above.

9.2.3 EIC Match Eligibility for Distinguished Shooters

Distinguished shooters may compete in as many EIC matches as they wish. If range space is limited, preference for entries in CMP-sanctioned EIC matches other than the National Trophy Individual Match must be given to Non-Distinguished competitors.

9.2.4 Criteria for Earning Badges

Non-Distinguished Civilians may earn credit points toward Distinguished designation in the following matches:

- National Trophy Individual Pistol and Rifle Matches.
- CMP-sanctioned EIC matches.
- EIC matches conducted by a branch of the U. S. Armed Forces in accordance with applicable service regulations governing EIC matches. Civilians who place among the top ten percent of the Non-Distinguished competitors in any Service EIC match may, by submitting a request and match results bulletin to CMP, be awarded with EIC credit points for that match if that is the only service-sponsored EIC match they have fired in that calendar year (Rule 9.2.2).
- Special EIC Matches sponsored and conducted by the CMP in accordance with ***CMP Competition Rules***. Only one four-point EIC credit may be counted towards either the rifle or pistol Distinguished designation.

9.2.5 Recognition of EIC Match Results

In order for Distinguished credit points earned in a CMP-sanctioned EIC match to be recognized, the match must:

- Comply with ***CMP Competition Rules***.
- Use a National Match Course of Fire (Table 5 or Table 7) or a Special CMP EIC Match Course of Fire (See ***CMP Competition Rules for CMP Games Rifle and Pistol Matches***).
- Be one of the eligible EIC matches permitted for that competitor (Rule 9.2.2).
- Have at least six (6) eligible Non-Distinguished competitors who fire recorded shots in at least two stages of the competition (Rule 5.9.2). *Note: 10% of six competitors equals 0.6 legs. 0.6 rounds up to 1.0 in accordance with rounding rule 9.2.6, d.*
- Be completed at all stages. If any stage is not completed due to circumstances beyond the match sponsor's control, the match sponsor must petition the DCM for a waiver in accordance with Rule 5.1.5.

9.2.6 Determining EIC Credit Points

The highest scoring 10 percent of all Non-Distinguished competitors who fire recorded shots in at least two stages of the competition (Rule 5.9.2) in EIC Matches are awarded EIC credit points in accordance with this formula (Table 9):

- Highest one-sixth of the top 10 percent: Gold medal or 10 points.
- Next highest two-sixths of top 10 percent: Silver medal or eight points.
- Remaining three-sixths of top 10 percent: Bronze medal or six points.
- In computing the awarding of EIC points, fractions of 0.6 or higher are rounded to the next higher number (For example, for 76 Non-Distinguished competitors there would be 8 medals awarded. $10\% = 7.6$ which rounds up to 8.).
- All Civilian competitors who earn a medal in a National Trophy Individual Match receive ten points.
- All eligible competitors who earn EIC credit points in a Special EIC Match receive four points.
- Former Military. If a service member does not become Distinguished while in the service, the CMP will accept points earned in military EIC Matches as credit points towards civilian Distinguished designation.

9.2.7 EIC Badges

- **Civilian Competitors.** The CMP awards bronze EIC badges to Civilian competitors after they have earned at least six points towards Distinguished designation. The CMP awards silver EIC badges to Civilian competitors after they have earned at least 20 points.
- **Military Competitors.** Competitors in the Active Service, Reserve and National Guard categories are awarded EIC badges in accordance with the regulations of their respective service.

9.2.8 Awarding of Distinguished Badges

The CMP awards the Distinguished Pistol Shot Badge or the Distinguished Rifleman Badge when a Civilian competitor earns 30 or more points with the firearm concerned and has earned at least one eight or ten-point award. Competitors in the Active Service, Reserve and National Guard categories

earn credit points towards Distinguished designation and are awarded their badges in accordance with the regulations of their respective service.

9.3 Distinguished International Shooter Badge

9.3.1 Criteria

The CMP awards the Distinguished International Shooter Badge to the most outstanding shooters who compete in major international competitions governed by the International Shooting Sport Federation (ISSF) and the International Paralympic Committee (IPC). Shooters who qualify to represent the United States in an ISSF Championship or an IPC Championship and who distinguish themselves by winning medals or exceptionally high place finishes may earn credit points for the Distinguished International Shooter Badge in accordance with this rule.

9.3.2 ISSF Championships

ISSF Championships in which the Distinguished International Shooter Badge may be earned are:

- Olympic Games
- World Shooting Championships
- World Shotgun Championships
- World Cup Finals
- World Cups
- Pan American Games
- Shooting Championships of the Americas
- World Shooting Championships for Juniors
- Shooting Championships of the Americas for Juniors

9.3.3 IPC Championships

IPC Championships in which the Distinguished International Shooter Badge may be earned are:

- Paralympic Games
- IPC World Championship
- IPC Regional Championship (not yet sanctioned in the Americas)
- IPC World Cups

9.3.4 Credit Points

Subsequent to 1 January 1999, the Distinguished International Shooter Badge will be awarded to shooters who earn a total of 30 or more credit points in eligible competitions. Credit points are earned in accordance with the Credit Point Table (Table 10).

- Shooters who have not earned the Distinguished International Shooter Badge who participated in eligible ISSF Championships subsequent to 1 January 1962 and prior to 1 January 1999 and who would have won credit points under the new system will be credited with those points.
- To earn credit points for a team placing, the team must rank ahead of at least two other teams.

- Credit points must be earned in official Championship program events, not in grand prix, demonstration, badge or special events.
- An individual shooter who establishes a New World Record earns 20 additional credit points.
- A shooter who equals a World Record earns 10 additional credit points.
- A shooter who earns an Olympic Games Quota Place earns 10 additional credit points.
- Shooters who participated in the 1912, 1913 or 1924 Pan American Rifle Matches receive credit points on the same basis as credit points are awarded for the Shooting Championship of the Americas.

9.3.5 Award of Badge

The CMP will review official results from all eligible competitions where U. S. shooters earn credit points and determine the awarding of credit points. The CMP maintains the official record of shooters who earn credits towards Distinguished International Shooter designation. When a shooter who has not previously earned the badge earns a total of 30 or more points, the CMP will issue the Distinguished International Shooter Badge to that shooter. The CMP will coordinate the issuance of these badges with USA Shooting.

9.3.6 Credit for Earning Badge Prior to January 1962

Shooters who would have earned the Distinguished International Shooter Badge prior to January 1962 under the original criteria, but who did not apply for it prior to 1 January 1999, will be credited with earning it. The original criteria for earning the badge prior to 1 January 1999 was to win an individual or team medal in the Olympic Games (1896-1960), Pan American Games (1951-1959), Pan American Rifle Match (1912-1924), World Shooting Championships (1897-1958) or the World Moving Target Championships (1959-1961). Changes in credit points awarded for World Championship Non-Olympic events that were adopted in 2009 do not change credit points earned in these events in years prior to 2009.

9.3.7 Credit Points for Paralympic Games and IPC Championships

Shooters who participate in the Paralympic Games and IPC Championships became eligible to earn the Distinguished International Shooter Badge in accordance with these regulations in 2013. Credit points listed in Table 10 are applicable as follows:

- **Paralympic Games.** Credit points will be awarded for the 1996 and subsequent Paralympic Games. Results from 1992 and earlier Games will be evaluated by applying Rule 9.3.1 criteria on a case-by-case basis.
- **IPC World and Regional Championships and World Cups.** Credit points will be awarded for these competitions starting with 2013 competitions. Results from 2012 and earlier will be evaluated by applying Rule 9.3.1 criteria on a case-by-case basis.

Annex A – Highpower Rifle Firing Procedures

The following range procedures and range commands must be used to conduct Service Rifle events.

BASIC SAFETY RULES AND STANDARDS TO BE ENFORCED IN ALL CMP-SANCTIONED MATCHES (To be reviewed in a pre-match safety briefing):

- An ECI must be inserted in your rifle at all times (cased or uncased) except during preparation and firing periods.
- Keep all rifle muzzles pointed downrange or up at all times.
- You are permitted to carry rifles behind the firing line; you are not permitted to handle rifles behind the line (see definitions of “carry” and “handle” in Rule 5.6).
- Do not take rifles or equipment to the firing line until instructed to do so.
- You may handle your rifle after bringing it to the firing line (put on sling, get into position, etc.), but do not remove the ECI or close the action until the preparation period starts.
- Do not load until the command **LOAD** is given.
- Upon completion of firing, open your rifle action, insert an ECI and ground your rifle.
- Do not remove your rifle from the firing line until instructed to do so.
- Do not go forward of firing line until instructed to do so.
- If you have a problem, remain in position, keep your rifle muzzle pointed downrange and raise your hand, a Range Officer will assist you.
- When you act as a scorer, 1) you are a match official responsible for the accurate recording of your competitor’s scores and 2) you are also a safety officer responsible for ensuring that your competitor handles his/her rifle safely. When the Range Officer asks **IS THE LINE READY?** or **IS THE LINE CLEAR?**, it is the scorer’s responsibility to signal **YES** (hand pointed downrange) or **NO** (hand pointed to the rear of the firing line) for the competitor whom you are scoring.
- When you act as a target puller, you are a match official responsible for the correct scoring and value signaling for all shots fired on your target.

SAFETY DEFINITIONS AND REGULATIONS:

- **ECI.** An “empty chamber indicator,” is a safety flag with an insert that fits into an empty chamber when the action is open. The ECI also has a yellow or orange-colored safety flag that extends out from the open action so that it can readily be seen by match officials and competitors to confirm that the rifle is clear.
- **Unloaded Rifle.** A rifle with an open action, magazine empty or removed (if removable) and chamber empty with an ECI inserted to confirm that the rifle is clear.

- **Cleared Rifle.** A rifle with an open action, magazine empty or removed and chamber empty with and ECI inserted that has been checked by a Range Officer.
- **Loaded Rifle.** A rifle is loaded when a cartridge is inserted in the chamber, or a magazine/clip containing cartridges is inserted in the rifle. Rifles may only be loaded after the Range Officer commands **LOAD**.
- **Ready Line/Ready Area.** A designated area behind the firing line where competitors who are not firing, scoring or pulling targets and spectators must remain. There may be a signed ready line indicating the forward limit of the ready area. Rifles in the ready area must be unloaded with ECIs inserted, whether they are cased or uncased. Rifles may be carried (moved from one location to another) in the ready area, but they may not be handled (see the definitions of rifle carrying and handling in Rules 5.6.4 & 5.6.5)
- **Call to Firing Line.** No one is permitted to move rifles or equipment to the firing line until the range officer instructs them to do so. After a relay of shooters is called to the firing line, they may set up their equipment on the firing line, handle their rifles by putting on slings or getting into positions with them. Two minutes are allowed between the call to move to the firing line and the beginning of the preparation period. An ECI must remain in the rifle during this period and until the preparation period begins.
- **Preparation Period.** Two minutes after a relay is called to the firing line, targets will appear and/or the range officer will announce the beginning of a three-minute preparation period. During this period, competitors may handle their rifles, remove their ECIs and dry fire to prepare for live firing. No one may load a rifle during the preparation period.
- **COMMENCE FIRING.** A range command that authorizes competitors to start firing in slow-fire stages.
- **CEASE FIRING.** A range command that directs competitors to stop firing immediately. Penalties may be applied for shots fired after a **CEASE FIRING** command.
- **Slow-Fire Loading.** For slow-fire shots, Service Rifle competitors may load only one round at a time. The rifle may not rest on a shooting stool when it is loaded. Once a round is chambered, muzzles must remain pointed downrange.
- **IS THE LINE READY?** This is a question asked by the range officer after the command **LOAD**. It is the duty of competitors who have not been able to load their rifles to announce **NOT READY**. The purpose of this question is to make sure all competitors have safely loaded and are ready to start a live fire series.
- **Rapid-Fire Loading.** Rapid-fire loading procedures required by CMP Rules vary according to the type of rifle. All rapid-fire series will begin after competitors have closed bolts (except manually operated military rifles) on empty chambers and have loaded two or five rounds in the magazine. No competitor may cycle the bolt to load a round in the chamber until they are

down in position. Down in position is defined as buttocks on the ground in sitting and one elbow on the ground in prone. Competitors and range officers must be familiar with and follow these loading procedures:

- **M16/AR-type/M14/M1A Service Rifles.** Competitors will stand on the command **ON THE FIRING LINE STAND**. After the command **WITH BOLTS CLOSED ON EMPTY CHAMBERS...LOAD**, they must close the bolts on their rifles on empty chambers and then insert magazines loaded with two (2) rounds. After the line is ready and targets rise (or the command **TARGETS** is given), they will drop down into position and then pull the bolt to the rear and release it to chamber the first round. They must be down in position before cycling the bolt to chamber the first round.
- **M1 Garands.** Competitors must stand and insert a clip and two rounds after the command **ON THE FIRING LINE STAND...WITH BOLTS CLOSED ON EMPTY CHAMBERS...LOAD**. The M1 Garand bolt must be closed by pressing the clip and two rounds all the way down and then allowing the bolt to close on an empty chamber by over-riding the top round. After the line is ready and targets rise (or the command **TARGETS** is given), M1 Garand shooters will drop down into position, pull the operating rod back and release it to load the first round. They must be down in position before cycling the bolt to chamber the first round.
- **TARGETS.** A range command that is used to start rapid-fire stages on ranges where pit-operated targets are not available. The command **TARGETS** authorizes competitors with loaded rifles to assume their firing positions, cycle their bolts to load rounds in chambers and commence firing.
- **Malfunction, Service Rifle.** A malfunction is the failure of the rifle or ammunition to function properly. NRA Rule 9.6 governs Service Rifle malfunctions. A competitor may be given a refire if the malfunction is not his/her fault. If the malfunction is the fault of the competitor, no alibi or refire is allowed.
- **Interruption in Fire.** If a **CEASE FIRE** command must be given during a firing series, range officers will resume fire as soon as possible. When firing resumes, competitors are entitled to the amount of time that was remaining when the **CEASE FIRE** command was given.
- **Slow or Disabled Target.** When a single target is disabled or providing slow target service, the competitor or scorer must notify a range officer who may authorize additional time to compensate for the slow service. In the case of a disabled target that cannot be quickly repaired, the competitor must be moved to another target (hospital) and given additional time to finish firing.

FIRING PROCEDURES AND RANGE OFFICER COMMANDS.

The following scripts are coordinated with CMP and NRA Rules and must be used in conducting slow and rapid-fire stages of fire during CMP-sanctioned highpower rifle matches. These procedures are for Service Rifle Matches. Firing Procedures and Range Officer Commands for As-Issued Military Rifle or Pistol Matches are found in a separate rulebook, **CMP Competition Rules for CMP Games Rifle and Pistol Matches.**

Pit Procedures and Commands

The Pit Officer/Chief Pit Officer controls the operation and scoring of targets on ranges with pit-operated targets. The Chief Pit Officer may be assisted by Assistant Pit Officers. The following procedures and commands are to be used in controlling target operation and scoring.

PRE-MATCH ACTIONS:

- **Pre-Match Checks.** Prior to the match, the Pit Officer must ensure that the correct targets for the match are prepared, that sufficient replacement targets are on hand and that each active firing point has an adequate supply of score value discs, 3" and 5" spotters, golf tees and black and white pasters.
- **Pre-Match Instruction.** Confirm that the required numbers of target pullers are in place on each target. The Pit Officer/CPO must review the course of fire with other pit officers and competitors who are pulling targets prior to each stage of fire. Instruct them as follows:
 - **For slow-fire: This is a slow fire series of 10/20 rounds. The target must be pulled and marked after each shot.**
 - **For rapid-fire: This is a rapid-fire series, 10 shots in 60/70 seconds. Do not pull and mark the target until you are commanded to do so.**

CONDUCTING A COMPETITION SERIES/STAGE:

- **Ready for Preparation Period.** When all targets and pit personnel are ready, give the command: **HALF MAST ALL TARGETS**. Then notify the Chief Range Officer by saying **READY IN THE PITS** (*When a target is at half-mast, it is halfway up between the bottom and the top of the carrier's travel in this position, the upper halves of all targets should be visible from the firing line.*)
- **Preparation Period.** Two minutes after the Chief Range Officer has given the command **RELAY (number), (MATCH NAME). TAKE YOUR POSITIONS ON THE FIRING LINE. YOUR PREPARATION PERIOD WILL BEGIN IN TWO MINUTES**, raise the targets by commanding **STAND BY YOUR TARGETS....TARGETS UP**. Three minutes after that, command **STAND BY YOUR TARGETS...TARGETS DOWN**.
- **Starting a Firing Stage.** At this time, the Chief Pit Officer must repeat all firing line commands to the pit personnel as the Chief Range Officer gives them (The CRO keeps an open mike to the CPO during the commands.). When the command **READY ON THE FIRING LINE** is given, the pit officer will give the Command, **STAND BY YOUR TARGETS....TARGETS UP** within 5 seconds.

- **Firing Stage Timing.** Targets must be fully exposed for the time specified for the course of fire. Start the stopwatch when the targets reach the top of the target carriers. Stop the stopwatch when the targets start to be withdrawn into the pits. In slow fire strings, where competitors sometimes complete the course of fire prior to the expiration of the allowed time the Chief Range Officer may command that the targets be withdrawn before the full time allowed has expired.
- **Slow-Fire Scoring.** During slow fire stages, all targets must be pulled and marked after each shot. If there are inexperienced target pullers, it may be necessary to give instructions in the proper methods of scoring and marking targets.
- **Stopping a Firing Stage.** 15 seconds prior to the end of the time limit, the Chief Pit Officer will give the command **STAND BY YOUR TARGETS**. At the end of the firing time, command, **TARGETS DOWN**. (The word “**DOWN**” must be given at the precise second at the end of the string.)

SCORING A RAPID-FIRE SERIES:

- Immediately after the targets are down, the Chief Pit Officer will instruct target pullers **VERIFY THE NUMBER OF HITS ON YOUR TARGET**. The Pit Officer will receive the report of saved rounds from a Range Officer and will relay this information to the target puller. No competitor may be given scores for more than the number of rounds that they fired.
- The Pit Officer will receive reports of excessive and/or insufficient hits from target pullers and relay that information to a Range Officer. After all targets that are under contention (*targets with excessive or insufficient hits*) are identified, the Pit Officer commands **SCORE ALL TARGETS THAT ARE NOT UNDER CONTENTION**. Targets not under contention are to be run up to their full height as soon as they are scored so shooters may see their scores and scorers can record scores.
- After challenges and discrepancies are resolved, the Pit Officer gives the command **SCORE ALL REMAINING TARGETS**. Targets that were under contention are to be run up to their full height as soon as they are scored so that shooters may see their scores and scorers can record scores.
- After all scoring is completed on uncontested targets, and at the direction of the Chief Range officer, the Pit Officer commands **PULL, PASTE AND HALF MAST ALL TARGETS THAT ARE NOT UNDER CONTENTION**.
- After all targets are scored and/or all discrepancies have been resolved the Chief Pit Officer gives the command **PULL, PASTE, AND HALF MAST ALL TARGETS**.
